

8,010 Book No. 2 Issued in County

Mabel Schmitz is Given Commission Tuesday in WAAC

LIEUT. MABEL SCHMITZ

Miss Mabel Schmitz of Des Moines, Iowa, received her commission as a Lieutenant in the Women's Army Auxiliary Corps Tuesday. Miss Schmitz entered the WAAC's last fall. Mrs. William Schmitz and her daughter, Mrs. George Vorwald, left for Des Moines Monday morning to see her graduate.

News Reaches 48 Year With This Issue of Paper

With this issue The Canyon News opens a new volume. The newspaper opens its 48th year.

Mrs. W. R. Morgan founded The Stayer in 1896, the name later being changed to The News by its second publisher, Geo. A. Brandon. The first News was called the Canyon City News; the name was later changed to the Randall County News; another change remodeled the name into The Canyon News. Yet throughout the years it has always remained THE newspaper of Randall County.

During its forty-seven years, this newspaper has been under the management of only five different people, which is indeed quite a record for a county newspaper so old. The first twelve years were divided equally between Mrs. Morgan and Mr. Brandon. After the sale of the newspaper in 1908 to the late C. O. Keiser, two newspaper men served as editor for a year each—R. A. Terrill and L. B. Christman. The present management took charge in 1910, and in July of this year will have served the Canyon News for 33 years.

From the small, crude beginning of 46 years ago, your newspaper has grown in proportion to the fine community which it has had the pleasure of representing. The physical plant of the News is recognized as being among the best in the state. All members of The News staff are most grateful to the people of Randall county for their splendid co-operation throughout the years, and we are hopeful of being able to continue serving you for many, many years to come.

Lt. E. C. Penick, Jr., Stationed Now in Virginia

Lieut. Edgar C. Penick, Jr., son of Mr. and Mrs. E. C. Penick of Canyon, is now stationed at Langley Field, Va. He recently received his commission as 2nd Lieutenant. Lieut. Penick attended West Texas State before volunteering for officer training.

Larger Number of Ration Book No. 2 Issued Than No. 1 in Randall County

Randall county issued a record number of No. 2 ration books, according to figures compiled in the local office yesterday by T. S. Stevenson, clerk.

The total of No. 2 books issued up to yesterday was 8,010. The total number of No. 1 books issued was 7,803.

Funeral For John Haines Held at Methodist Church

John Franklin Haines died Thursday afternoon at 12:30 o'clock at an Amarillo hospital where he had been taken that morning. Mr. Haines collapsed while at work in the field Wednesday afternoon. His condition was so critical that he could not be moved to the hospital until Thursday morning.

Mr. Haines was 37 years of age. He was born in South Dakota, the son of the late F. E. Haines, and Mrs. Haines, who lives north of Canyon. The family has lived here for 26 years. He was a prominent farmer and stockman.

The funeral was held Saturday afternoon at 3 o'clock at the Methodist Church, conducted by Rev. C. C. Armstrong.

Pall bearers were Forrest Gruner, Bailey McCormick, Clinton Oldham, Tom Lair, Jewel Jones, and Wilson Campbell.

Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home.

Surviving are: the wife, Mrs. Gladys Haines, three daughters, Vergia Ruth, Valeta Mae, Joana Belle; the mother, Mrs. Blanche Haines, two sisters, Mrs. Carl McDonald of Happy and Mrs. Leland Graves of Canyon.

Mr. Haines has always been a most progressive citizen, and worked for the betterment of the county. He was a member of the Methodist Church.

Haley Is Given Commission in Navy Air Force

Arthur C. Haley, Jr., received his wings as Ensign in the U. S. Navy yesterday morning at Corpus Christi. Ensign Haley has been assigned to the naval base at Miami, Florida, for further training.

Mr. Haley will arrive this morning by plane. Miss Dorothy Warwick will become his bride at a wedding ceremony tonight at 8 o'clock at the home of her parents, Mr. and Mrs. Clyde Warwick. The couple will leave immediately for his new base.

Both Mr. Haley and Miss Warwick received their degrees from West Texas State last June. He entered naval training in August. Miss Warwick has been a member of the Canyon News staff since graduation.

38-45 Year Old Men Lost Right For Deferment

Men who are 38 to 45 years of age lost their military deferment Sunday by an order from Selective Service.

The class 4-H has been eliminated. Starting May 1 local boards will begin to reopen and consider anew the cases of all registrants in this class and shall place them in new classes.

According to word from Washington this order is intended to cause men 38 to 45 to get into farming or essential industries, or to induct those who have not made such a transfer of occupation into some branch of the military service.

STORK SPECIAL

Mr. and Mrs. H. F. Axtell of Kress announce the arrival of a daughter, Cheryl Ulynn, March 7 at an Amarillo hospital. The grandparents are Mr. and Mrs. E. A. Oberst of Canyon and Mr. and Mrs. O. C. Axtell of Spring Lake.

HERE FROM WASHINGTON

Maurice Needham of Washington, D. C., spent yesterday evening at the home of his cousin, Clyde Warwick. Mr. Needham is with the agriculture department and is on a tour of inspection of various regional offices.

FORMER CITIZEN DIES

Louis C. Gober died Sunday at his home in Amarillo. The funeral was held at Memphis.

Mr. Gober formerly lived in Canyon for several years, and was in the grocery business.

Lieut. Governor Smith Is Making Visit to W. T.

LIEUT. GOVERNOR SMITH

Lieut. Governor John Lee Smith is in Canyon today. He and Mrs. Smith arrived at 10 o'clock this morning and is making an inspection of West Texas State College. He is looking over the property with Dr. J. A. Hill and members of the faculty.

Gov. Smith will speak at assembly at noon. He will be greeted by all members of the student body and faculty. Many citizens of Canyon will attend the meeting.

Gov. Smith is an exstudent of W. T., having attended one summer back in the days when Dr. Hill was head of the history department.

Newton Harrell Nominated For Board of Regents

NEWTON HARRELL

Newton Harrell was nominated yesterday to be a member of the Board of Regents for Teachers Colleges. His name is before the State Senate for confirmation.

Mr. Harrell would succeed John E. Hill, who has been a member of the Board for 6 years.

Mr. Harrell is one of the best known stockmen of the Southwest. He is the son of Mr. E. D. Harrell of this city. His father, the late E. D. Harrell, was one of the prominent stockmen of the Panhandle.

Newton Harrell graduated from the Canyon high school. After attending West Texas State for one year he went to the University of Texas for two years, and took his degree from the university of Oregon.

His wife, nee Helen Croson, received her degree from West Texas State and was a member of the Music Department before her marriage.

Mr. and Mrs. Harrell live on the ranch in Armstrong county, where he is active in community affairs. Their daughter, Shirley, is a senior in the Canyon high school, and their son, Ed, is a student in the grades. Mr. Harrell has been a director of the First National Bank for several years.

When notified yesterday by Governor Coke Stevenson that his name was being submitted, Mr. Harrell expressed a willingness to serve on the Board of Regents.

Sliced Bread Is Available Once More on Market

Sliced bread is again on the market.

OPA lifted the restrictions which were imposed for the purpose of reducing the price of bread.

Bakers objected, and it was found that there was no saving to bakers by the elimination of the wrappings. However, under the new order single wrappers must be used, and in this manner bread will dry out quicker.

Pvt. J. M. Black of Camp Joseph T. Robinson has been home on a visit with his mother, Mrs. J. C. Black.

Red Cross Drive Is On

Red Cross Kits In Naval Hands

Red Cross Chapter Gets First Letter Acknowledging Benefit of the Kits

The following letter has been received by the Randall County Red Cross Chapter regarding the kits which have been made for men in service:

2 February 1943

The Randall County Chapter American Red Cross Canyon, Texas

My dear ladies of The Randall Chapter:

Without revealing a military secret, I will tell you that we are, at the time of this writing, in the Bering Sea near the Aleutian Islands. As you can well imagine, most of us are a long way from our respective homes . . . some of us being from Texas.

Christmas didn't mean very much to us this year as we were on low rations at the time and since our mail was several months in the arrears. Very few of us have received the Christmas packages which we know are in the mail for us. Therefore, when we received the little gift bags which you ladies assembled and so amply filled, I can assure you that it did our hearts and morale a large amount of good.

As a matter of fact, the bags which we received from your Chapter for our officers and men were not originally intended for us. They were an excess amount which one of the shore stations received. The officer-in-charge of this station, knowing our mail status, was kind enough to keep them for us and presented them to us just a few days ago.

The most popular gifts received, in my opinion, were the sewing kits. Since we are no longer in places where we can have our wives, mothers and sweethearts sew on those ever-tearing-off-buttons, we are forced to practice what we have seen them do so many times. In addition, the shoe laces, playing cards, soap and writing paper, were all received with the sincerest of appreciation by all.

Thanking you on behalf of all the officers and men of this ship and encouraging you to continue your fine work, I remain,

Respectfully,

J. Eugene McAteer, Lieut. jg USNR Executive Officer, USS ANNOY.

Lt. Bill Britton Gets Medal For Sinking Jap Ship

Lieut. Bill Britton has received a medal for bravery in the Pacific war zone in his fight against the Japs. He is pilot of a bomber. A Jap cruiser was sunk by bombs dropped by his plane.

Lieut. Britton is an exstudent of West Texas State, and was editor of The Prairie before graduation.

Chaplain Weir Here on Short Visit

Chaplain Franklin Weir left Tuesday for Fort Ord, Calif., where he has been assigned to the 302nd Ordnance Detachment.

Chaplain Weir is First Lieutenant in the army and finished his training last week at Harvard University. He was guest speaker at the Methodist Church Sunday night.

Mrs. Weir and son, Foster, who have been visiting in the parental R. E. Foster home, will join him in the near future.

J. L. Banks Resigns Pastor Church Christ

J. L. Banks has resigned as pastor of the Church of Christ. He has moved to Denver City to assume the pastorate of the church there.

The local congregation has made no plans for calling a pastor.

RAYFORD LOUDDER HOME

Rayford Turner Loudder has been discharged from the army. He has returned to work on the farm. He was discharged at Tinker Army Air Field, Oklahoma City.

IN AMARILLO HOSPITALS

Mrs. O. B. Vaughan is recovering from an operation in an Amarillo hospital.

Leslie Hileman has been in an Amarillo hospital for medical treatment.

Dr. and Mrs. E. J. Cundiff, James and Elaine, and Dr. and Mrs. A. M. Meyer spent Sunday at the Newton Harrell ranch near Claude.

Red Cross Field Directors Solve Soldiers' Problems

Photo by Toni Frissell

Thousands of U. S. fighting men last year accepted the invitation to discuss their personal problems with Red Cross field directors who accompany troops to all parts of the world. This picture, taken in London, shows everyone happy after the field men had satisfactorily solved the problems of the two soldiers at the desk. Contributions to the Red Cross 1943 War Fund, now in progress, make this service possible.

Workers Needed In the Red Cross Room at Once

More workers are urgently needed at the Red Cross sewing room which is open Monday, Wednesday, and Friday of each week. Detailed instructions concerning the making of Red Cross materials are furnished the sewing room, and women who wish to work will be helped to carry out the standard of the American Red Cross so that all work sent by the Randall County Chapter will be acceptable.

Work which is not done according to Red Cross instructions is returned to the chapter to be done over.

Women Observe Day of Prayer Here on Friday

Friday, March 12, is World Wide day of Prayer. All churches will be open this day in order that people may go and pray.

An all church meeting will be held in the Presbyterian Church at 3:00. There will be seats reserved for War wives, mothers and sweethearts who have loved ones in the services. They are urged to come since everyone is already praying for their safety. Miss M. Moss Richardson will direct the program.

Alfred Babb of Navy Visited Mother in City

ALFRED BABB

A. M. M. 3-C Alfred Babb, son of Mrs. Nettie Babb, was recently home on a furlough. Alfred joined the Navy in September, 1941 and spent his primary training period in San Diego, Calif. From there he was sent to Great Lakes, Ill. and Dearborn, Mich. After five months training he was given a 3rd class Petty Officers rating, before returning to San Diego, where he is now stationed.

Country Folks Make Payments

All Families Are Asked to Make Contributions to the Red Cross Chapter

Randall county's country residents are making special trips into Canyon or to their precinct Red Cross Chairman to make their donations to the 1943 Red Cross War Fund. During the first week of the drive many more contributions have been received from country people than from those living in Canyon.

Next to the people living in the country, the most enthusiastic interest as shown by donations is among the children of the grade and high schools.

The American National Red Cross is the greatest people's organization in the world. Every citizen of the United States can be a part of the Red Cross by making his contribution, and whether his contribution is 5c or \$5,000 he is entitled to the same services from the organization. Vice-President Peazer of Washington, D. C., said recently in Plainview, "There is no organization in the world as democratic as the Red Cross. It belongs to everybody and serves everybody."

During 1942 Texas received assistance from the Red Cross in connection with 27 disasters including storm, flood, and fire. In Randall County alone, nearly 125 families have received assistance in connection with soldier members or others during the past three months.

Officers of the St. Louis Headquarters of the Red Cross state that Randall county will have much greater local needs during 1943 than last year. These local needs will include the sewing room, the home nursing and nutrition classes, first aid classes, and services for soldiers and their families.

Contributions to the Red Cross will be received in the City Hall, First National Bank, Jarrett Drug Co., and by the precinct workers throughout the county.

The War Fund Drive will continue through the month of March but T. V. Reeves, Chairman of the Randall County Chapter is being urged by the National office at St. Louis to have the collection completed as early in the month as possible.

Cold Waves Are Again Order of the Weather Day

Another cold wave hit the Panhandle for the week end. The temperature dropped to 3 degrees above zero Saturday morning. The temperature stood at 8 degrees above Sunday morning, and 12 degrees above Monday morning.

Not a drop of moisture has fallen in Randall county since the first of January. With the cold, dry weather, some wheat has suffered. Oats which was planted last month, has suffered to a considerable extent in some parts of the county. Where there is plenty of deep moisture, there is great need of top moisture.

W. P. Sharman Is Transferred to Dumas Station

W. P. SHARMAN

Mr. and Mrs. W. P. Sharman, residents of Canyon for fourteen years, will move to Dumas soon. Mr. Sharman having been telegraph operator here, has been transferred to Dumas as agent for the Santa Fe. Mr. Sharman has assumed his new position and Mrs. Sharman will join him soon.

Mrs. Fred Walker of Amarillo visited over the week end with Mrs. Alwyn Williams.

March War Bond Sales are Nearly Up to the Quota

The sale of War Bonds has been good for the first nine days of the month, states R. H. Wright, county chairman. The total sale for this period was \$7,687.50.

The quota for the month is \$21,300. The county has been short of its quota for the first two months and Mr. Wright hopes that the sales will be sufficient to cover the quota for March.

Plans are being made for a big financial drive which will be made during the month of April. Mr. Wright has set up a county-wide committee which will canvass all citizens of Randall county and ask them to participate in this big drive.

Commission Given Al Williams by the Army Tuesday

Alwyn Williams of Fort Benning, Georgia, received his commission this week as Lieutenant in the United States Army. He took Volunteer officer training. Lt. Williams arrived here Tuesday to spend his ten-day leave with his wife. Mrs. Williams expects to return with him.

Wilbur E. Leavitt has been discharged from the army to return to farm work. He has been stationed at Camp Robinson, Little Rock, Ark.

Member of National Editorial Association and Texas Press Association.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

A bill is pending in the Texas Legislature to make labor unions accountable to the public for their acts. The bill provides for the right to work, whether a man belongs to a labor union or not. It provides that the union, like other public corporations, must report annually to the Secretary of State upon the dues it collects, and how it spends the money. Union leaders say that such a bill would be ruinous to the cause of labor. Capital must make such reports, but according to labor leaders, unions should be free to collect and spend and demand from its members and the public at large what the union officials desire without obligations to the public. It would seem that this bill is very liberal and that any honest labor leader would be willing to account to the public how such vast sums of money are spent. If these labor leaders are not careful, the unions will have lost by the end of the war, all they have gained during the past decade.

Four sons of President Roosevelt are in the armed services. From the time the war started these boys have been criticised because all of them won commissions. A Congressman has denounced these boys on the floor of the House. Facts do not bear out the silly remarks of this man. Before the war we had an army of 160,000 men. It is the intention to build that force to 10,400,000 by the end of 1943. This calls for thousands of new officers. Men are being commissioned in all branches of the service when they display military aptitude. The Roosevelt boys have had the advantage by a thousand fold over the average run of our boys. They have lived in New York City, Washington, and Albany, and have been closely associated with the military life. They are equipped because of this training to serve as officers. And besides all of this, they come from a line of fighters. Their father and mother are fighters in their own rights, and any time you want to stage a fight, better not pick out someone with the name Roosevelt.

Remember the depression of a few years ago? Remember how the liquor interests boasted that they were helping the farmers by using so much grain? Remember how they bragged about reducing unemployment by giving work to so many people? Remember how they bragged about the taxes they were paying. These figures should be thrown in their teeth today. There is no surplus of grain, but a food shortage faces the nation. The farmer has no time to raise grain for liquor, when the nation needs this grain to feed the army, munition workers and civilians. Liquor will not keep people from starving. There is no surplus of workers. As a matter of fact, millions of men are needed in the war plants, on farms and other lines of work. Men engaged in making liquor can get jobs—jobs which are profitable to the nation. Liquor makes the workers less valuable to the nation at a time when the entire manpower resource is so vital. Regardless of how well the army and navy is regulating liquor, the stuff is still demoralizing those who use it and now would be a good time to abolish its use.

Nells bells, here we are again with men 38 to 45 made available for military service. The army has been discharging large numbers of men over 38 years of age because the army wants men under 35 years of age for foreign service. Five men were discharged in Randall county during the past two weeks simply because they were past 38 years of age. Will the army recall them into the service, or will it go to the expense of clothing and training green recruits to take their places? Will the army allow single men above 38 years of age who have been discharged from service to remain out, when it becomes necessary to call married men? These changes in regulations are real headaches to Selective Service boards. Just when a set of regulations has been mastered, the whole picture is upset, and we begin over again.

Senator Wheeler, arch isolationist, is again on the warpath. Now he is insisting that Congress run the war. If Wheeler and his kind had won their way, America would have been whipped before we could get started. Remember that Wheeler said our two oceans made us safe from attack, and there was no need preparing for war. Wheeler shut up after Japan stabbed us in the back, and administered on us the worst defeat we have ever suffered. Wheeler and his gang were outnumbered until the last election. Isolationists won many seats in Congress, and now Wheeler is the big papa who is telling the army and navy that Congress should be running the war. If Wheeler gets his way, we are likely to lose the war while he fiddles around doing nothing.

A good hunk of the Rising Sun plunked into the Pacific last week. This was the greatest military victory that the United Nations have had over the Japs since the start of the war. Most of the victory was due to the American air force. This battle shows very clearly that air power is superior to battleships in an even fight. It shows very clearly that American planes and pilots are superior to Japs of like numbers. The heavy loss to Japan does not mean that the war is won, since Jap soldiers and sailors must be killed before they are put out of battle. But it does demonstrate that General MacArthur is getting the Pacific situation well in hand.

It is hard to believe, in this land of plenty, that an actual food shortage confronts the nation. Even those who have seen huge surpluses during past years wasted in order to prevent a greater surplus, and have seen production limited in order to hold up prices, are thoroughly convinced as to the seriousness of the situation. While there is plenty of food for all, most of us will have to readjust our likes and dislikes. We will not have everything that we have liked in the past. We may have to eat something which we have not relished in the past. But be a good sport, and play the game, even though your appetite rebels at some of the things you are forced to eat.

President Roosevelt has been warned by close advisers that he must clean up the numerous bureaus in Washington. His popularity is at a low ebb in the nation. The unreasonable questionnaires and the multitude of business reports which citizens are forced to fill out are making his administration very unpopular. The President is not to blame for all this mess, but he must bear the responsibility. As a result of warnings, it is reported that he will devote more time to domestic affairs and leave the war to the military experts. It is reported that he is first tackling OPA, and intends cleaning up the mess which has been caused by too much red tape.

Governor Stevenson is right in his veto of local bills which have not been properly presented. Through his legislative career Steven-

OUR DEMOCRACY — by Mat

AMERICANS ALL.

HEADS IN THE AIR — INHERITORS OF LIBERTY —
GUARDIANS OF THE INDIVIDUAL RIGHTS OF MAN —
PROUD DEFENDERS OF A GREAT TRADITION.

FEET ON THE GROUND — MARCHING FORWARD —
THROWING INTO THE FIGHT OUR COUNTRY'S VAST

UNITED TO WIN.

son opposed local bills which had not been properly advertised before the legislature convened. People at home have a right to know what is proposed in these local bills. Members of the legislature have ignored this provision. It was time that a Governor called a halt on this procedure, which has been illegal throughout the years.

Attorney General Gerald C. Mann is a sticker for the constitution. He has ruled that since the legal automobile speed in Texas is 60 miles per hour that highway patrolmen cannot enforce the 35 mile limit set by the federal authorities. No doubt the Attorney general is right in his strict interpretation of the law. But the hitch is that if you speed on the highways, you cannot get gasoline or casings. Federal authorities hold the whip-handle and the safe thing is to do what Uncle Sam tells you to do, regardless of any State law.

President Roosevelt has started his 11th year in the White House. The President has broken precedents on many things, but this achievement is the most outstanding.

Just how a man can stand up to the constant strain of his office for such a long time is hard to understand. Roosevelt is a born leader, and enjoys the hardships of his office. While he has not mentioned the possibilities of running for a fourth term, it is clearly evident that he is willing to make the race, and is not training any other man to take his place.

Regardless of all the proposals about income tax changes, you must file a return on or before March 15, and pay at least the first one-fourth of the tax which is due at that time. When you pay, cuss Hitler and his gang in one breath, but pray in the next breath that your money will buy the bullets to put an end to this terrible war.

STEEL SUBSTITUTE

A certain grocer was famed for selling tough meat. A man came into the store one day and asked for some beef.

"Do you want it for boiling or roasting?" asked the grocer.
"Neither," replied the man, "I want to use it for hinges on the stable door."

Santa Fe Reports

on its first year of war operation

During 1942, Santa Fe moved 79 per cent more passenger-miles...and 122 per cent more freight ton-miles...than in 1918, during World War I.

And all this was done with 26 per cent fewer locomotives than we had in 1918.

These figures indicate the greatest volume of business we have ever handled.

They also indicate why you may have experienced some difficulties and inconveniences in traveling or shipping by train during the past year.

Crowded Trains Our passenger traffic volume was up 102 per cent last year as compared with 1941. Gasoline rationing, in our territory, will increase that volume even more this year.

The Santa Fe must handle this additional load with its present passenger cars, as no more cars will be built during the war.

Late Trains In these days of unprecedented passenger volume it is not always possible to maintain schedules with on-time regularity...and since military trains have the right-of-way over everything else, they often cause our regular passenger trains to be delayed.

At many stations along the line, mail and express are heavier than in normal times—and take longer to load. This is another reason why trains are delayed.

Car Shortage Special troop trains are becoming almost routine on the Santa Fe. In just one case, we moved an entire division from one camp—and it took 55 complete trains to handle the men and equipment.

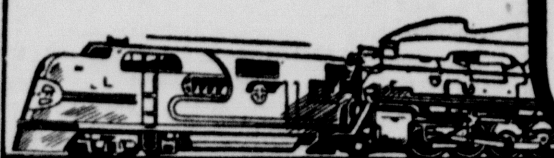

We must also keep our passenger cars in constant service to handle the increased traffic all over the line. For this reason, we cannot always concentrate extra cars at any one point.

Freight Cars Due to the submarine menace and the diversion of freighters to other services, almost all of the intercoastal freight tonnage formerly handled by ships through the Panama Canal was hauled by the railroads in 1942.

This brought about an unusually heavy demand for Santa Fe freight cars...increased considerably the average length of haul...and occasionally caused delays in delivering empty cars at some loading points. It also indicates Santa Fe has many busy months ahead.

Keep 'Em Rollin'! Please remember there's only one thing we want to do more than keep trains on time and supply cars as promised—and that's keep troops and war freight on their wartime schedule. And we know that's the way you want it!

For up-to-the-minute transportation
information, call your local
Santa Fe Agent

NOW! EVERY CAR OWNER CAN HAVE HIS TIRES RECAPPED

NO RATIONING CERTIFICATE REQUIRED

EVERY ONE of the 27,000,000 passenger cars in the United States is an essential part of America's transportation system. To keep these cars in service and at the same time conserve the Nation's precious reserve supply of rubber, the Government now permits every car owner to have his tires recapped without securing a rationing certificate.

THE OBJECT OF THIS ORDER IS TO ENCOURAGE CAR OWNERS TO HAVE THEIR TIRES RECAPPED BEFORE THEY ARE UNFIT FOR FURTHER USE.

This is the best way to conserve America's greatest rubber stock pile—the tires that are now on the Nation's cars.

For Longest Service and
GUARANTEED QUALITY
Insist Upon

Firestone

Factory Controlled Recapping

• LONGEST MILEAGE

because Firestone Recaps are made of Vitamis Reclaim Rubber containing Vit-alin, the wear-resisting rubber vitamin.

• UNIFORM HIGH-QUALITY MATERIALS AND WORKMANSHIP

because the Firestone Method of Recapping is Factory-Controlled.

• BETTER SERVICE

because Firestone has the largest nationwide system of recapping in America.

Food Problem in College Difficult

Campus Gardening Is Announced—Faculty to Plan War Program

War-time conditions are coming to West Texas State College with increasing severity, and are being met by a program guided by President J. A. Hill and a growing list of special committees and individual workers.

Feeding students in dormitories and cooperative homes is as difficult under the point rationing system as the average householder finds it in his own case, and there is the added complication of having to buy in large quantities. Matrons and kitchen executives must shop with extreme care and much bookkeeping.

Victory gardens will soon be seen in many parts of the campus. The large lawn about the College Hospital will be taken over by campus employees and will be intensively gardened. Every college employee has been offered a plot of ground and water for irrigation. Several cooperative halls will have garden plots along Highway 87, where the College recently purchased lots and cleared the property. Much gardening will be done this year at the College Farm, north of Canyon.

Committee Named

A faculty woman's committee on war service, headed by Mrs. T. V. Reeves, includes Miss Margaret Barrett, head of the department of home economics, and Miss Ruth Cross, head of the department of physical education for women. This group will plan means of making facilities and instruction available to women of the community who wish to can foods and vegetables. An education campaign on food will be prepared.

In planning their future meat supply, Dr. Hill and a number of faculty men have started a hog fattening project. Each has purchased a pig.

The campus-wide program of ac-

tivities by both producers and consumers of food will be expanded this week through a series of conferences in Dr. Hill's office. Some of the plans will be carried over into the Summer Session, when short courses, conferences, and lectures will be made available. Not only foods, but all war problems will be considered.

To Lay Sidewalks

Refinishing of Buffalo Courts, dormitory for athletes, is being expedited. Other workmen are laying the forms for sidewalks about the new Science Building. Priorities to finish the heating and lighting of this two-story structure are being sought. Should West Texas State be given a training unit of several hundred Army youths, as appears almost certain, this new building will provide classrooms and office space.

Stone for the walls of the addition to the Panhandle-Plains Museum has been purchased by the Works Progress Administration. However, this will be stored on receipt because actual construction must await availability of workmen.

Stone work at the Education Building has been "pointed" by workmen to protect it from the weather. The large cafeteria of this building will be refinished and all equipment repaired. Refinishing of the exterior of the Administration Building will be undertaken when warm weather arrives.

Dahlias Are Seen In Color Picture

A color film, showing the dahlia garden which is located on the campus of W. T., was shown in the Education Building auditorium on Monday night, March 8.

G. W. Cox, a donor of many bulbs for the trial grounds, made the beautiful picture.

Spring Pi Omega Pledges

In the photograph above are the spring semester pledges of the Pi Omega sorority. Standing are Roberta Medlen of Floydada and Jean Kleinschmidt of Canyon. Seated are Ellen Allender of Dalhart and Arvella Davis of Earth.

Revival at the Baptist Church Is In Progress

REV. J. W. MARSHALL

The revival now in progress at the First Baptist Church will continue through Wednesday, March 17th. Dr. George of Dallas is preaching this week and will be here through Saturday night. Services are held at 10 a. m. and 8 p. m. daily, including Saturday. Sunday services will be at 11 and 8:15.

Rev. J. W. Marshall of Dallas, Texas Baptist Student Secretary, will preach four days, beginning with the Sunday morning service and closing Wednesday night. This young man has a dynamic message made more interesting because of his comparatively recent trip to Japan and China, of which he made several rolls of technicolor movies which he will probably show at some time during his stay in Canyon.

Music for the entire meeting is being directed by Tommie Godfrey of Fort Worth, noted singer and poet, who is endearing himself to the congregation by his fine leadership and his consecrated spirit.

Highland News

Roland Gouldy of Wichita Falls visited his parents over the week end.

Mr. and Mrs. Charles Houseman of Vega moved to Wildorado. Mr. Houseman is now working for Joe Allred and Mrs. Houseman was Miss Maxine Hutchins of Wildorado.

Mr. and Mrs. L. J. Fulton, Mr. and Mrs. Joe Allred and Mr. and Mrs. Ray Debenport visited in the Fuqua home Tuesday evening.

Mrs. T. C. Jones and Mary Lou called on Mrs. Fuqua Wednesday afternoon.

O. J. Brown and Donnie McVea were on the sick list last week.

Mr. and Mrs. Tom Watson and Mr. and Mrs. Elmer Mason visited in the Fuqua home Thursday evening.

Mr. and Mrs. Carl Fuqua visited in the L. J. Fulton home Saturday evening and in the Jim Gouldy home Sunday evening.

Mr. and Mrs. Elmer Mason shopped and visited in Amarillo last Wednesday.

Some of the farmers in the Wildorado vicinity have found green bugs in their wheat.

BUILDING NEAR COMPLETION

All work on the Science Building is complete, according to Virgil Henson, business manager. The sidewalks will be laid next week. There is no lighting or heating equipment and materials cannot be obtained unless used by the Army.

"Charlie has traced his ancestry back to a Mayflower passenger." "Sure, that's easy. What chance has a dead man to defend himself."

Hudspeth Honor Society Accepts 13 New Members

New members of the Mary E. Hudspeth Honor Society were inducted Wednesday night at a reception given at the home of the honorary sponsor.

New members are Nyla Harvey, Roberta Medlin, Clarence Thompson, Evelyn Jeanne McCarty, Arvella Davis, Jack Nichols, Thelma Hunter, Georgia Bourland, Clavette Boling, Beulah Hammond, Robert Blackwell, and Cassie Meador.

Dr. Mattie Swayne, sponsor of Alpha Chi, addressed the group on the "Place the Scholar, Now and After the War." Jackie Wofford, accompanied by Katherine Tatum, sang "My Rosary" and "A Pretty Girl is Like a Melody."

Others present were Dr. Ima C. Barlow, faculty representative for the Society, Marion Ruth Duren, Dorothy Dixon, Eris Norton, secretary, and Margaret Dyer, president.

Following the induction service three new officers were elected. They were: Georgia Bourland, vice-president; Arvella Davis, treasurer; and Evelyn Jeanne McCarty, reporter.

NEEDED REPAIRS MADE NOW ASSURE YOU OF CONTINUED TRANSPORTATION at LOW COST

MARCH 31 IS THE DEADLINE

Have Your Tires Inspected Now!

March 31 is the date set for the first inspection of your tires, if you're a holder of an "A" card. Possibly you have already had this matter taken care of. If not, do it today.

This ruling was made to protect your car and the nation's rubber supply. It is important that you carry out these instructions. In the interests of your car and in the interests of your country, have your tires inspected today!

USE THE FORD REPAIR SHOP AND GULF PRODUCTS TO KEEP YOUR CAR RUNNING FOR THE DURATION.

Hawks Motors, Inc.

THE TWO BEST BUYS OF THE SEASON

WAR BONDS AND STAMPS AND SHIRTCRAFT SHIRTS

We modestly admit that War Bonds and Stamps place first on the list of quality "buys"—but Shirtcraft shirts aren't far behind! See them today and admire their precision tailoring and durable quality—at a low price! All styles, patterns and wanted sizes!

\$1.50 to \$2.25

Warren's

We Still Make Regular Deliveries

but we cannot fill your orders on special deliveries like we did formerly. It is necessary that we conserve tires, gasoline and the delivery truck. Therefore it is the patriotic thing for everyone to carry his own groceries as much as possible. We will make regular deliveries, as we have in the past.

Check with us regularly on your point rationing. You will find that your money goes a long way as you use your ration points for the month. In our store you will find all items plainly marked, with both point values and price.

You will find scores and scores of items which are not rationed, and which you may buy as much of as you need to fill the needs of your family. Buy as much of these unrationed food products as you can, and save your rationed items.

When you Buy Regularly at Bellah's you have plenty of Money left for War Bonds.

"Deacon" Leads Buff Scoring

Charles Johnson, Jacobs, And Bill Stockman Follow in Statistics

Clark Johnson, tall ministerial student and center, was the leading scorer for West Texas State in the 22 game season recently closed. His total was 276 points scored on 116 field goals and 44 free throws.

Close behind him was his brother Charles Johnson, starting guard, who made 242 points on 109 field goals and 24 free throws. Ledru Jacobs, forward, was third with 152 points, and Captain Bill Stockman was next with 138. Other scorers included Douglas Groom, 112; Norman Trimble, 83; Boyce Box, 43; Jack Maddox, 36 in three games; Cloyce Box, 21; Metz LaFollette, 19; Ray Eilefson, 16; Glynn Braden, 16; Velton Soree, 13; James Crews, 7; Eugene Keating, 7.

The Buffs made a total of 500 field goals in 1520 tries for 33 per cent and tossed in 181 out of 311 free throws for 58 per cent effectiveness. Among the top scorers, Clark Johnson had the best percentage, making 39 per cent of field goal attempts. Charles Johnson had a percentage of 35, but the most sensational record was that of Captain William Stockman who shot cautiously and at times infrequently, but reached the amazing total of 47 per cent in field goal tries. At the free-throw line, Stockman made 72 per cent of his tries while Clark Johnson made good on 63. Among the freshman players, Cloyce Box was high with 37 per cent on his field goals and 83 per cent on free throws. Jack Maddox, who was eligible to play in only three games, had a perfect record at the free-throw line.

The West Texas State team closed its season at the recent Border Conference title tournament in Albuquerque, New Mexico, where the Buffs won the co-championship with the University of Arizona.

Tierra Blanca

Helen Jo Cox spent Sunday night with Frankie Phillips of Canyon.

Mr. and Mrs. H. H. Hand and family visited in the W. A. Hand home Sunday.

Dorothy Reese spent Monday night with Helen Jo Cox.

Dyann Hand spent Tuesday night with Jean Pitt.

Mr. and Mrs. Hand, Dyann and James Lindemann visited in the L. H. Holman home Saturday.

The portions had been small and the prices had been high. "Food will win the war," the proprietor told the diner who complained. "Sure," the diner replied, "but how are we going to get the enemy to eat here?"

Help Keep Canyon Clean!

Delta Zeta Chi Spring Semester Pledges

Here are the eight girls pledged this semester by the Delta Zeta Chi sorority. Left to right, they are Mona Burleson of Spearman, Billye Jean Hamner of Knox City, Mary Lee Bishop of Quail, Viola Dubose, of Anson, Betty Lynn Wade of Amarillo, Fran Caldwell of Spearman; seated, Susie Goddard of O'Donnell, and Mary Jo Priddy of Lamesa.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of March 7, 1918)

Miss Charlotte Ingham and Millard Word were united in marriage. C. N. Plaster of Clarendon bought the T. C. Sims farm of two sections west of Canyon.

Pay Guber received his commission as lieutenant in the aviation corps.

Miss Lottie Garrison and Dr. H. T. Still of Vernon were married.

"Riding back to his camp after a leave in London, a colored member of the A. E. F. got into a poker game with some British soldiers. They all drew, then: 'I'll bet one pound,' said a Briton. The colored boy studied his four aces. 'I don't know how you-all counts your money,' he said, 'but I'll just bet one ton.'"

A farm hand took his girl for a buggy ride and nine miles out in the country the horse dropped dead.

"Oh, dear," sighed the girl, "and I'm so tired."

"Suppose I give you a nice kiss," said the farm hand. "That will put life in you."

"In that case," said the girl, "you'd better kiss the horse."

W. T. Trainees Await Shipment to Next Field

Many of the West Texas State Air Corps reservists recently called are taking basic training at Sheppard Field, where they are to await assignment to technical schools or flying fields.

They are "pre - Pre - Flight" trainees. In the group are about 110 men from Texas Tech, 20 from West Texas State, and several from Hardin-Simmons University and other West Texas Colleges. Three Border Conference basketball captains are present.

Jack Hessey, Delos Cleek, Wilburn Fitzgerald, and others have been sent to Texas A. & M. for more college training. The new trainees are taking examinations in such subjects as physics, mathematics, history, and reading comprehension in order to show their backgrounds.

Taking a series of immunizing "shots" is one of the more disagreeable phases of early training.

By the end of January the Government had paid \$810,000 on 20,000,000 pounds of cheese to 975 applicants participating in the cheddar program.

Shop in Canyon regularly.

History Books Given Museum by Amarillo Lawyer

The Panhandle-Plains Museum has been presented a library of one hundred volumes by F. H. McGregor, an attorney of Amarillo.

Among these books is a complete set of Herbert Bancroft's "History of the Southwest," and another complete set of George Bancroft's work on the "History of the United States." Both historians wrote about the middle of the nineteenth century. The books are a valuable addition to the Museum both from a commercial and an academic standpoint.

About 50 volumes of miscellaneous works, also the gift of Mr. McGregor, will be used as reference and supplementary material for several of the college courses in history.

School Class Offering Comedy on Next Friday

"New Fires," a thrilling three-act comedy, will be presented in the Demonstration School auditorium at 8:15 o'clock by the High School Juniors on March 12, 1943. If one really wants a good laugh

Buffalo Courts Much Improved

Athletes Using Paint Brushes and Making Good Use of Time

Buffalo Courts has taken on a new appearance, especially the interior. Under the guidance of Eddie Castleberry, campus foreman for the athletic department, the rooms are being painted in white and cream. The ceilings of the rooms are being painted white and the walls are cream.

Eddie and his crew are not doing all of the work. The boys living in the room being painted do most of it. Eddie sees that the paint is mixed and that the brushes are clean and ready for use. Because of the construction of the rooms, two rooms and a bath are painted the same time. This causes some inconvenience on the occupants of the two rooms, but they just move into their "buddies" room with their bags and room mate, or else move into the "patio" of the courts.

To date there have been two minor injuries to the painters. They forgot they were on ladders and walked off. The first injury was suffered by Cudd. He fell from the "V" in the ceiling of room 3. Last Thursday, Glynn Bunch walked off the ladder and knocked himself out when he landed on the edge of the table and fell on to the cement floor. This happened in the presence of Coach Gus Miller, so first aid was applied immediately.

The unfinished rooms in the back part of the lower floor of the Recreation Hall are being plastered and doors and other necessary items are being installed. A plasterer has been employed to do this work. This is the only man receiving compensation for the work now being done in Buffalo Courts. The rest of the work is being done by the boys on their work jobs.

that will last about two hours he can see this combination of adolescence, sophistication, troubles, and worries with plenty of humor thrown in for good measure.

"New Fires," when read by the critics was termed as "a comedy, filled with idealism—the sort of idealism that can be truly American, remarkably in tune with present conditions."

The admission cost is only 15 cents for high school students and 25 cents for the general public.

Palo Duro News

Mr. and Mrs. R. E. Bruce and sons of Amarillo visited with Mrs. Bruce's parents, Mr. and Mrs. Henry Miller Sunday.

Mrs. Pauline Wendelken, Mr. and Mrs. Ralph Ruthardt and children visited with Mr. and Mrs. Clem Dugan Sunday afternoon.

N. E. Root visited in the E. A. Michael home Saturday.

Mr. and Mrs. Jeff Wallace of Canyon visited with Mr. and Mrs. E. A. Michael Monday evening.

G. H. Leseberg visited at the Mrs. Alvina Leseberg home Sunday.

Mr. and Mrs. Bill Beard and son visited with Mr. and Mrs. E. P. Harding Monday evening.

Mr. and Mrs. G. H. Leseberg and daughter and Wilma Schuette visited with Mrs. Lena Tueck Sunday.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To Spurgeon McDougal and all persons interested in the estate of Spurgeon McDougal, a person of unsound mind. Greeting:

You are hereby commanded to appear before the Honorable District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the 16th day of March A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 2nd day of March A. D. 1943, in this cause, numbered 500 on the docket of said court and styled Grace Lee McDougal, Plaintiff vs. Spurgeon McDougal, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff says that Spurgeon McDougal is her legal husband and a person of unsound mind. That there exists community property owned between them and being: North Half of the Southeast One fourth of Block Number One hundred Four, South Addition to the Town of Vernon, Wilbarger County, Texas. AND, North One half of Southeast One Fourth of Block Number Three of the South Addition to the town of Vernon in Wilbarger County, Texas. AND, Lot Number seventeen Block Number ten Original town of Odell, Wilbarger County, Texas. AND, Lots Three, Four, and Five, Block Number Five, of the South Addition to the Town of Odell in Wilbarger County, Texas. That said Property is suffering for lack of management and it is to the best interest of the community estate that she, Plaintiff be given full control and that she desires to sell portions of said community estate being item one and item four above set out and praying that the management, disposition and full control of said community estate be adjudged to her the said Grace Lee McDougal, and that she be given all powers with reference thereto conferred by law upon the husband, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas this 2nd day of March, A. D. 1943.

Attest:
(Seal) A. B. HOLT, Clerk,
District Court, Randall County,
Texas.

By C. Wirt, Deputy.

Allen & Black

3 letters spelling ACID

Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.

In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was in frequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!

You can't open the engine and keep

sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco Nth motor oil and get your engine internally OIL-PLATED.

You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco Nth. Though your gasoline-rationed car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco Nth this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

Dorothy Warwick Complimented In Wedding Shower

Climaxing the pre-nuptial parties honoring Miss Dorothy Warwick, was a miscellaneous shower given on Wednesday of last week in the home of Mrs. W. A. Warren. Hostesses were Mrs. Warren, Mrs. J. J. Walker, Mrs. S. L. Ingham, and Mrs. C. R. Burrow.

Mrs. Warren's entertaining suite was decorated with sweetpeas, snapdragons, and jonquills. Especially attractive was the lace-covered tea table, adorned with crystal swan bowls of various sizes, filled with sweetpeas. Miniature bridal bouquets and tall white tapers completed the table decorations.

Mrs. Clyde Warwick and Miss Pauline Brigham presided in the dining room, where tea was served with cherry salad, flower-shaped sandwiches, cheese squares, candied fruit peel, and mints.

Many laughs, as well as some sound advice to the bride, resulted from a contest in which guests described some of the cooking failures made when they themselves were brides. The honoree, who also was asked to contribute a bit of advice, was declared winner of the contest and was presented the "pot of gold." This pot was filled with gifts from the guests.

Recipes, also contributed by the guests, were placed in a file and given to the honoree.

As they left, guests signed The Bride's Book.

Following is the guest list: Mrs. Houston Bright, Mrs. A. M. Meyer, Mrs. D. A. Shirley, Mrs. J. A. Hill, Mrs. R. P. Jarrett, Sr., Mrs. N. T. Dickerson, Mrs. W. Holmes Smith, Mrs. Jack Walker, Mrs. Ben Winckelmann, Mrs. Jim Coffee, Mrs. C. A. Murray, Mrs. C. N. Harrison, Mrs. W. C. Black, Mrs. Lee Foster, Mrs. Dan Sanders, Mrs. Guy Tabor, Mrs. Clyde Warwick, Mrs. R. A. Terrill, and Mrs. Olin E. Hinkle; Misses Helen White Moore, Pauline Brigham, Sarah Thompson, Edna Graham, and the honoree.

CHURCH SCHOOL HAS PARTY SATURDAY

Members of the primary department of the Methodist Church School enjoyed a party in the game room of Buffalo Courts, Saturday afternoon.

The party represented part of a unit of mission study on good neighbors. The children adopted South American names for the afternoon and played games popular with children in South America.

At the close of the play hour, refreshments of popcorn and candy were served to Teddy Ray Lowe, Jane Kathryn Schramm, Christine Mobley, Dorothy McReynolds, Doris Ann Jennings, Anna Lou Samuelson, Sammie Don Schramm, Wendene Nicklaus, Kay Wheeler, Joe Dale White, Dick Sanders, Jerry Williams, Ted Nicklaus, and Mrs. Ray McReynolds, Mrs. W. W. Nicklaus, and Miss Ruth Lowes.

IF YOUR NOSE "CLOSES UP" TONIGHT

3-PURPOSE MEDICINE

Here's mighty good news... If your nose "closes up" tonight and makes breathing difficult, put 3-purpose Vicks Va-tro-nol up each nostril. Va-tro-nol does 3 important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion. It brings more comfort, makes breathing easier, thus invites sleep... And remember, it helps prevent many colds developing if used in time. Follow directions in folder.

1930 BRIDGE CLUB MET WITH MRS. JARRETT

Mrs. R. P. Jarrett entertained the 1930 Bridge Club in her home Friday afternoon.

There were three guests present, Mrs. J. J. Walker, Mrs. C. A. Murray and Mrs. A. W. Sternberg.

Sandwiches, tea, cherry pudding and figs were served to Mrs. C. R. Burrow, Mrs. W. R. Clark, Mrs. J. L. Duflot, Mrs. J. S. Humphreys, Mrs. S. L. Ingham, Mrs. C. H. Jarrett, Mrs. T. B. McCarter, Mrs. R. A. Terrill, Mrs. Ann Wofford, Mrs. Walker, Mrs. Murray and Mrs. Sternberg.

MRS. J. J. WALKER HAS "42" CLUB

The "42" club met with Mrs. J. J. Walker Thursday at 3:30.

Snappers and daffodils made up the decorations.

A salad was served to Mrs. Grayson Bell, Mrs. W. E. McCuan, guests, Mrs. A. W. Sternberg, Mrs. John Gillis, Mrs. J. A. Hill, Mrs. Agnes Smith, Mrs. C. M. Dowlen, Mrs. C. R. Burrow, Mrs. J. L. Duflot, Mrs. J. S. Humphreys, Mrs. S. H. Condon, Mrs. Harris M. Cook, Mrs. S. L. Ingham, Mrs. R. A. Terrill, Misses Helen Hickman and Edna Graham.

DR. BERNICE MOORE SPEAKER AT A. A. U. W.

"New Women in a New World" is the lecture topic which Dr. Bernice Moore of the Hogg Foundation will use when she appears as guest speaker at the annual A. A. U. W. dinner in the Home Economics dining room at the college, Wednesday evening, March 17, at 8 o'clock.

Dr. Moore is scheduled to appear on the campus for several lectures during the week.

Members of the A. A. U. W. who expect to attend the dinner are asked to call Mrs. Lee Johnson, phone 281, not later than March 16 for reservations. Plates will be seventy cents.

Fairview Breezes

We enjoyed two good sermons delivered by Rev. Ira McCullough Sunday.

The E. W. Schaeffer family were Sunday dinner guests in the J. W. Wesley home.

Mr. and Mrs. G. E. Wesley took treatments in Canyon Saturday afternoon.

Mr. and Mrs. Hollis Shipman and children visited the parental T. H. Shipman home Sunday.

Mr. and Mrs. E. C. Woods and Bennie visited relatives at McLean Saturday and Sunday.

Mrs. Fred Hext called in the J. W. Wesley home Monday morning.

Mr. and Mrs. A. S. F. Sharpes were in Amarillo Monday.

Mrs. J. W. Wesley was called to the E. E. Wesley home Monday as Mrs. Wesley was seriously ill.

Mrs. L. H. Barnard was in Amarillo Thursday.

Mr. and Mrs. Woodrow Wesley and Bowie visited in the L. H. Barnard home Sunday.

Vesta Amerson, Evelyn, Fayerene and Anna Belle Schaeffer went k-daking Sunday afternoon.

NEVER AGAIN

Mother wanted to spend Saturday in town, and father, an accountant, reluctantly agreed to give up his golf and spend the afternoon with the children. On the return of mother, the father handed her the following report:

"Dried tears, 9 times. Tied shoes, 13 times. Toy balloons purchased, 3 per child. Average life of a balloon, 13 seconds. Cautioned children not to cross street, 21 times. Children crossed street, 21 times. Number of Saturdays I will do this again, 0."

"Yes, I am a self-made man," boasted the magnate.

The quiet gentleman in the clerical collar looked at him reflectively. "Sir," he replied, "you relieve the Lord of a great responsibility."

Engagement of Muriel Phegley Is Announced

Miss Muriel Phegley, bride-elect of Aviation Cadet Arthur P. Barker, Jr., was honored at a tea-shower given by Mrs. Ed H. Bagot and Miss Hallie Nell Sligar Sunday, March 7, at the home of Mrs. Bagot. Flowers in the entertaining rooms and on the tea table featured the bride's chosen colors of blue and gold.

The guests were Misses Frances Fryar, Evelyn Carr, Betty Martin, Jean Dunliven, Pat Pipkin, Betty Gose, Betty Perryman, Ernestine

Ballard, Marcella Fryar, Lera DeFries, Pat Harris and Betty Norvell all of Amarillo.

Other guests were Janelle Womble, L. Louise Pugh, Frances Shaffer, Frances Vaughan, Margaret Stewart, Jean Lively, Joan Gurley, Arvela Davis, and Lodena Tooley, and Mesdames Austin Wiggins, Ellsworth Barnard, Kenneth Neal, Robert Boynton, Guy Barnes, Frank Pharris, and Bob Miller.

Jowell Items

Those seen at the senior play at the Canyon High School Thursday night were T. J. Bonds and family, G. J. Bonds and family, Earl Davis and family, and Louis Hinders and family.

Clarence Leavitt and family of Canyon visited J. J. Leavitt Thursday evening.

Mr. and Mrs. H. P. Bonds visited with Mr. and Mrs. Henry Tighen-burg Sunday evening.

Wilbur Leavitt has been released from service at Camp Pike, Ark., in

order to assist his father with the farm work. He arrived home last Thursday.

Mr. and Mrs. P. M. Elrod and Doris of Wildorado visited Mr. and Mrs. G. J. Bonds and family.

Dinner guests in the C. P. Robertson home Sunday were Mr. and Mrs. Stacy Howell and daughter, Teddy, and Mr. and Mrs. Earl Davis and children.

Dinner guests in the W. F. Bonds home Sunday were Doris Elrod of Wildorado, and Mr. and Mrs. Henry Tidenburg.

Lowell Johnson of Canyon spent Saturday night with Eugene Bonds. Jo Eddie Scott was honored by a birthday party Sunday afternoon. There were guests of small children.

Visitors of Mr. and Mrs. Raymond Hurst Sunday evening were Mr. and Mrs. W. F. Bonds and family.

To save more cellophane for war purposes, the WPB banned its use on milk bottles, candy boxes and containers for tea, spices, sugar, flour and many other articles.

FARMERS ATTENTION PLEASE

Bring your dressed hogs (we do not kill) to the Zero Lockers and let us turn them into genuine sugar-cured hickory hams and bacon. We also make the sausage and render the lard.

Insurance Agent: "Now, madam, I take it that you favor a straight life policy?" Client: "Don't make it too binding; I like to step out once in a while."

"Your husband ought to be more generous with you, my dear. Now, every time I'm in the dumps, I just get myself a new hat." "Is that so, darling? I often wondered where you found them."

One of the greatest success stories of 1942

About a year ago, America was being asked to increase, substantially, its investment in War Bonds.

And no one knew, definitely, just what America's answer to that plea would be.

Today, America's answer is clear—written down in black and white for any one to read. And the reading makes as heart-warming and inspiring a story as anything that has come out of this war. Here are some highlights:

In December, 1941, there were 3½ million Americans who owned War Bonds. Today, there are over 50 million. A year ago that figure would have seemed fantastic. There is nothing in all history to match that record. Never before have so many people owned such a tremendous stake in their nation and its government.

In December, 1941, some 700,000 people were investing about four and one-half percent of their earnings in

War Bonds through the Pay-Roll Savings Plan. Today, the 700,000 has swelled to 26 million—the four and one-half percent to nine percent. The MONTHLY investment in War Bonds through the Pay-Roll Savings Plan has grown, in one year, from 8 to 400 million dollars.

Figures like that need little comment. They tell, better than any words, what happened when a free people decided among themselves to lend their government money. Money to help pay for fighting equipment—money to help keep prices down—money to insure peacetime goods and peacetime jobs and a generally decent world to which our fighting men can return.

Peacetime goods and jobs? A decent world? Think what 12 BILLION dollars' worth of War Bonds owned by Americans right now can mean in buying power to be released in the years after the war is won.

Buying power that can set factories full of men to making millions of cars and radios and washing machines. Buying power that can set multitudes of other men to building a million new homes for impatient owners. Buying power that can mean better, richer living for everyone of us.

And that 12 billion dollars is only a beginning.

For what we have done in '42 to win this war will not be enough to do in '43. Our whole war effort must be expanded. Not a one of us but knows that in the year ahead we must send more men—we must do more fighting—we must build more planes, more ships, more guns—more everything.

And to do this, we must buy more and more War Bonds.

Enough more so that when the record is in for 1943, America's War Bond buying will once again be one of the greatest success stories of the year.

MRS. J. V. WILLIAMS HAS PARK H. D. CLUB

The Park Home Demonstration Club met with Mrs. J. V. Williams on Thursday, March 4.

A demonstration on planting fruit trees was given by Miss Frances Wilroy. "The cheapest and most profitable fruit trees, are those of medium to large size which are thrifty and free from disease," said Miss Wilroy. "Buy your trees from a reliable nursery and select varieties adapted to local soil," she continued. Trees of different members of the family are preferable.

Those present were Mrs. Bryan and Mrs. McMahon, visitors, Mrs. G. A. Collings, Mrs. Herrick Simon, Mrs. Ray Bennett, Mrs. F. A. King, Mrs. W. E. Bennet, Mrs. Mary Simon, Mrs. J. E. Park, Mrs. Charlie Thurman, Mrs. A. B. Ruggles, Mrs. James E. Park, Mrs. Frank Simon, Mrs. Charlie Wineinger, Mrs. A. T. Burhes, Mrs. Williams and Mrs. Walter Simon.

HIGHLAND H. D. CLUB HELD MARCH 2

Games and different forms of entertainment in the family circle were discussed by members of the Highland H. D. Club when they met at the home of Mrs. Ed Sharp on Tuesday, March 2.

Mrs. Sharp served sandwiches and molasses cookies with coffee and cocoa to five members and three children. Those present were Mrs. Jack Baker, Mrs. R. E. Sweet, Mrs. Tom Boling, Mrs. L. J. Fulton, the hostess and Francis and Thomas Boling and Joanne Fulton.

The next meeting will be at the home of Mrs. Elmer Mason on March 16, at which time Miss Frances Wilroy, the county H. D. agent, will give a demonstration on tree planting.

Mrs. Tommy Pierce and her mother, Mrs. S. L. Rushing went to Mineral Wells over the week end because of Mrs. Rushing's health.

Dr. H. A. Brown left Monday on a trip to Mexico.

CENTERVIEW CLUB MET WITH MRS. WESLEY

The Centerview Club met with Mrs. J. W. Wesley Friday, March 5.

Miss Frances Wilroy stressed the importance of raising more fruit trees this year, in order to have more for home consumption, and if possible to have fruit to sell to local stores. She asked everyone to plant at least one cherry tree or two grape vines. Various ways of planting trees successfully and the proper time for planting were discussed.

Miss Wilroy also stressed garden planting. She urged the planting of eighteen to twenty-four varieties of vegetables for more balanced menus.

The following answered the roll call as to the kind of fruit tree she would plant. The list included Mrs. E. M. Wilson, Mrs. E. W. Schaeffer, Mrs. Della Zachry, Mrs. S. F. Sharpes, Mrs. Fred Magness, Mrs. Sam Bryant, Mrs. Serena Bryant, Miss Wilroy and Mrs. Wesley.

ROSE WALKER MEETS WITH MRS. STRATTON

Mrs. Charles Stratton entertained the Rose Walker Circle at her home Tuesday afternoon.

Song and prayer opened the meeting. The devotional was read by Mrs. Minnie Laughery. There followed a group reading of the daily Bible chapter. Prayers for the Revival meeting now in progress were held. Mrs. Tom Langston gave a talk on the qualities of becoming a Christian.

A social hour honoring recent birthdays of Mrs. Dowd, Mrs. Combs and Mrs. Stratton followed.

Home made ice cream and devil food cake was served to Mrs. J. C. Dowd, Mrs. J. D. Key, Mrs. E. B. Anthony, Mrs. I. M. Steen, Mrs. C. Anderson, Mrs. G. W. Combs, Mrs. Minnie Laughery, Mrs. R. E. Gill, Mrs. L. C. Ruthardt, Mrs. W. A. Black, Mrs. J. W. McCrerey, Mrs. Oscar Baker, Mrs. T. W. Langston, Mrs. Jessie Reid, Mrs. Emma Dodson, Mrs. T. T. Fain and granddaughter Joy Oldham, the hostess, Mrs. Stratton.

WOMEN'S BOOK CLUB HAS MEETING MARCH 10

The Women's Book Club met Wednesday, March 10.

Miss Nell Green gave a report on the Casablanca Conference. The points brought out by Miss Green were as follows, Geographical and Historical importance of Casablanca, political reflects and the increase in bombing raids.

"Does Education Set Men Free," prepared by Miss Tennessee Malone, was given by Miss Fannie Malone. Her emphasis was on those men not subject to military service but who are to remain in college and carry on "so-called" Volunteer Humanities. An interesting discussion followed.

Topics for the next meeting are How Right is Richenbacher and How Can We Cooperate with Russia in the Post War World.

CONNELLY 4-H GIRLS MET LAST WEDNESDAY

The Connolly 4-H Club girls met March 3 at the Connolly school with their sponsor and County Home Demonstration Agent, Miss Frances Wilroy, with one hundred per cent attendance.

To sew a fine seam, "you use the same seam to hem a dish towel as you use on your silk dresses," said Miss Wilroy, in showing the girls how to hem a towel.

The victory pledge was signed by all the girls.

The next meeting will be April 7. Those present were, the sponsor, Mrs. Chas. Thurman, Martha Ann Bennett, Mary Averbek, Ramona Jean Simon, Ila Dee Park, Laura Ruth Thurman, and Miss Wilroy.

REFINISHING DEMONSTRATION TO BE HELD SATURDAY

A demonstration on Refinishing Furniture will be given by Miss Frances Wilroy, County Home Demonstration Agent, Saturday, March 20, beginning at 2:30 p. m. in the council room at the Court House.

Anyone who is interested in the demonstration is invited to attend.

Mr. and Mrs. J. T. Mitchell of Claude visited over the week end in the Guy B. Tabor home.

Mr. and Mrs. Bill Hood visited here Monday with Mr. and Mrs. C. L. Key.

Mrs. Branch T. Archer, Jr. of Lockney visited with her parents, Mr. and Mrs. L. S. Baker, Saturday.

Miss Margaret Stewart of Follett, visited over the week end at the parental D. Mack Stewart home.

Mr. and Mrs. Lee McLaury of Fritch spent the week end with friends here.

Pvt. E. I. Boyce, Jr. of Ft. Sill, has been transferred to Fort Sam Houston, Texas.

Dean R. P. Jarrett left Saturday for Austin on business concerning W. T. He returned Tuesday.

Miss Nelle White has returned from a month and a half visit in California and Oklahoma.

Mr. and Mrs. J. A. Howard of Dalhart, visited here this week

No Ration Blues

WHICH ARE YOU?

If a fellow tries to kiss a woman and gets away with it he's a man; if he tries and doesn't get away with it he's a brute; if he doesn't try but would get away with it if he tried he's a coward; but if he doesn't try and wouldn't have gotten away with it if he tried, he's wise.

LOW DOWN

Pa: "Well, son, how are your marks?"

Son: "They're under water."

Pa: "What do you mean, under water?"

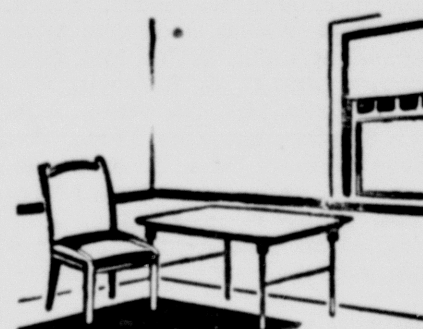

Son: "Below 'C' level."

A clock without motor, wheels, mainspring or hands, installed in a commercial laboratory, tells time by "counting" the 60-cycle pulsation of electric current, translates it into blinking lights.

SPRING is not here

But it is time to look forward to getting out your Spring Clothes before the warm weather does come. Bring them in now for cleaning, pressing and repairs.

CANYON TAILORING CO.

Is This Home?

When you check up, after a fire, will you find your insurance too little to cover the value of your household furnishings?

It is better to do the checking now, before the fire—and be sure of insurance sufficient to cover your loss.

Garden Leaves

By MRS. J. A. HILL
President, Canyon Garden Club

Beauty and utility! Utility and beauty! There is only a thin line between the two, is there not? Now, when an almost universal atmosphere of gloom hovers over the face of the earth, we need everything possible to up-lift our spirits. We need food for the soul as well as for the body.

A well-kept vegetable garden furnishes both, and when a few colorful flowers are added it becomes superb. Let's each one plant a victory garden, yes, but let's not forget some flowers, too.

It is hardly worth while to plant many seeds until after Easter. The slow growth gained by planting before is offset by the quick maturity of those planted later. Of course trees and shrubs should be planted this month, if not earlier. Be sure to stake your newly transplanted trees. March winds are not conducive to straight ones.

If you have not already dug and separated your dahlias, the best time to do so is just after the first shoots appear. dig the clumps carefully so as not to break the sprouts. If a sprout is broken off, that tuber is worthless. Be sure a bit of the old stem is with each tuber.

By the way, how many know the difference between a tuber, a bulb, a rhizome and a corm?

For Information, Please

"Mixed" seems to have tied himself up in a number of knots and now finds himself in an awkward position. It came about in this way: Rejected by the girl of his choice, he retaliated by marrying her mother. "Then," he says, "my father married the girl. Now I don't know who I am. When I married the girl's mother the girl became my daughter, and since my father married my daughter he is my son. When my father married my daughter she became my mother. If my father is my son and my daughter is my mother, who in the world am I? My mother's mother (which is my wife) must be my grandmother, and I being my grandmother's husband, am my own grandfather." . . . We will think all this out after the war. One big problem at a time is enough for us.

Two stuttering blacksmiths had finished heating a piece of pig iron, and one placed it on the anvil.

"Hhhhhhhit it," he stated to his helper.

"Wwwwwwwwwhere?" he was asked.

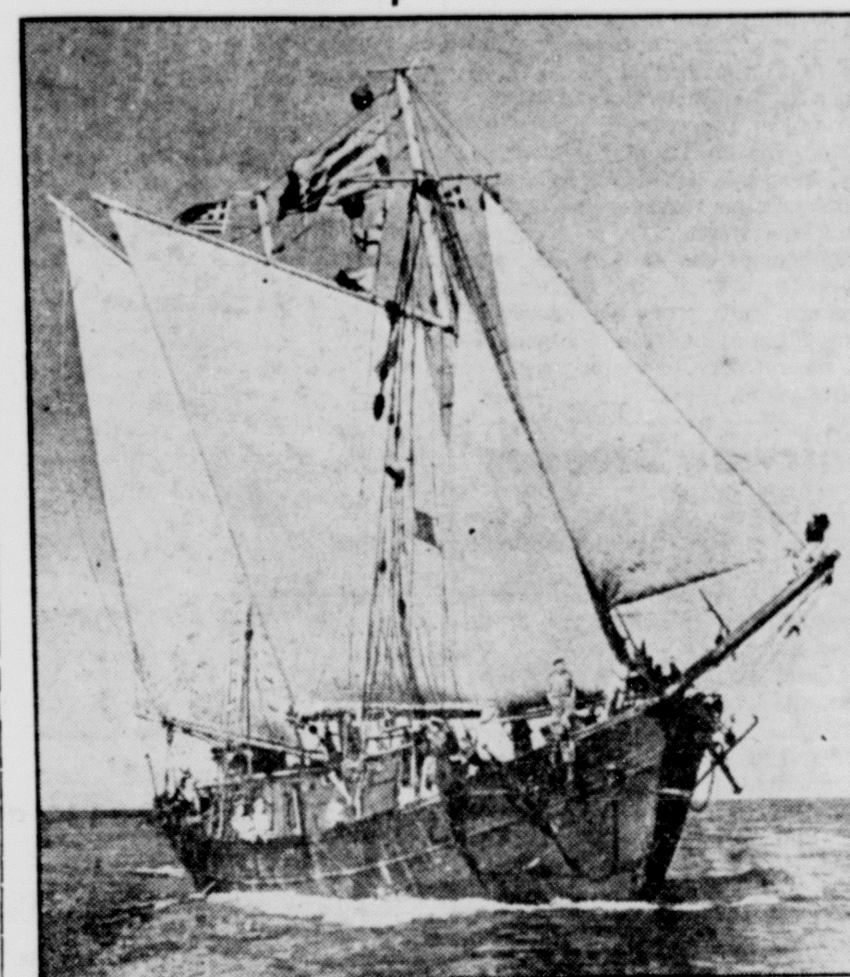

"Aw, Hhhhhhhhhell, we'll have to heat it again now."

Chinese Envoy

Little Marilyn Chu, 8, wears a bouquet of war stamps as she arrives in New York, en route to Washington for the President's Birthday Ball. The little actress will express thanks for United China Relief aid.

Warship With Sails

Like the horse and buggy, sailing vessels have returned to prove they have not outlived their usefulness. This Greek caïque is a hardy sailing vessel used for minesweeping in the Mediterranean, to keep sea lanes clear for allied shipping.

College Cracks

Lovers never understand each other. That's why they get married.

Some girls go to college to pursue learning; others, to learn pursuing. Said the Idaho potato to Lowell Thomas: "You're nothing but a mommentator!"

"Help your wife," says Good Housekeeping. "When she mops up the floor, mop up the floor with her."

College education for women is futile. If they're pretty, it's unnecessary; if they're not, it's inadequate.

Par for the Course

The magistrate was a very keen golfer. He was trying the case of a man who was summoned for cruelty to his wife.

"My client," said the defending counsel, "is a much maligned man. His wife is constantly nagging him and, in the end, driven to desperation, he beat her into silence with a golf club."

The magistrate leaned forward with a sudden show of interest. "In how many strokes?" he questioned.

Jerry: "How'd you get along with your wife in that fight the other night?"

Gerald: "Oh, she came crawling to me on her knees."

Jerry: "Yes? Well, what did she say?"

Gerald: "Come out from under that bed, you coward."

Three types of paint have been developed to prevent ice formation on war planes; one contains oil, one salt, and the other can be heated electrically.

Pipe lines are the most efficient method of transporting oil, using around 60 per cent less steel than barges or tank cars for every barrel delivered.

GEORGE SMALL
Canyon - Phone 28

The sweet young thing had never before seen an elephant. Therefore, when she looked out in her garden one day, she saw one there she became quite excited. Hurriedly calling the police, she exclaimed: "Oh! officer, hurry out here. There's a terrible looking monster out in my garden, he's pulling up all of my vegetables with his tail."

"And what's he doing with them, Madam?" asked the officer.

"Oh, officer, you wouldn't believe me if I told you."

Fifty million rubber seedlings have been planted in tropical America in the last two years.

FIRST WIRE IN TEXAS

Charlie Copeland of Blackwell visited last week here with an old friend, W. T. Hazlewood. Mr. Copeland states that he has some of the first barbed wire that was used in Texas and is going to send some for an exhibit in the museum.

HASTINGS ON VISIT

Luther Hastings of Bovina visited yesterday with T. C. Thompson. Mr. Hastings was cook on the JA Ranch back in 1902 and knows the early history of this section.

CARD OF THANKS

Cas Brooks and family wish to thank the Fire Department and people who assisted in extinguishing the fire at their home last Wednesday.

JOHN ALBERS IN AVIATION

John Albers is taking his training in the air corps at Sheppard Field. He was a student at Texas Tech and was in the reserve call. He was called into training two weeks ago with a large group of college men from West Texas State, Texas Tech and Hardin-Simmons. He is the son of Mr. and Mrs. E. H. Albers.

Guests in the R. E. Foster home last week end were Mr. and Mrs. Jim Hill and daughters, Peggy and Patricia, Mr. and Mrs. C. A. Newsom and children of Wichita Falls, Mrs. Jimmie Watson of Hereford, and Chaplain Franklin Weir of Fort Ord, California.

Mrs. Earl Oldham has gone to Lubbock to visit relatives.

A Few ??'s To Ask The Printing Peddler

When The Peddler Selling Stationery and Printing Supplies Solicits Your Business There Are a Few Questions Which He Should Be Willing to Answer to Your Satisfaction.

Among Them Being:

- ? Does he pay taxes in this community?
- ? Does he donate space in his newspaper to your local community enterprises?
- ? Does he pay wages to a force of employees located in this City, County, or State?
- ? Does his paper devote its entire space toward the betterment and upbuilding of this community?
- ? Does he grant you every favor that you would ordinarily ask of a local newspaper?
- ? Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?
- ? Will he submit proof of your work before finishing and mailing it to you C. O. D.?
- ? Does his price include postage and insurance charges?
- ? Can he supply your order on short notice?

If he can answer all the questions in the affirmative, he is entitled to your business.

Kirkland Will Fill
Foster's PlaceFormer Resident Chooses
Canyon as Home Town

Replacing Mrs. Hosea Foster, who has resigned her position as science teacher in Canyon High School, Mrs. K. L. Kirkland will teach general science and chemistry for the remainder of this school year.

Mrs. Kirkland formerly lived in Canyon. This year she taught in Muleshoe until November 25, and has had five teaching assignments since that time. Her husband is a traveling man, covering 50 Panhandle counties, and she has chosen Canyon, among all the towns of this area, as her home.

Having taken a Bachelor of Science degree in home economics at West Texas State College, Mrs. Kirkland has continued her work there, and is writing a thesis for her Master's Degree.

"I am in a position to realize the difficulties that superintendents over the country are having in keeping their teachers, so I am teaching for the duration," said Mrs. Kirkland.

Mrs. Kirkland is well-known in Canyon. Last year she was a member of the Sue Hite club, a women's study group. She substituted in several classes at Canyon High School.

"GIMME" QUESTIONS RULE

Lend me your fountain pen for a minute! Do you have an extra pencil? May I borrow a paper clip? Give me some paper for my next class. May I fill my pen from your ink bottle?

These "gimme" questions were asked many times last week in Canyon High School classes when students were taking six-weeks examinations. Many students were disturbed during tests by other students who forgot to bring some necessary articles to class.

Perhaps some persons borrow without any intention of repaying. They may be trying to get all they can for nothing, without realizing that they may be losing friends.

During this time when our country is at war, some things are scarce, but they are still being produced. There may be a shortage of steel, rubber, and wood, but erasers

School's Greatest Critic

Pictured before the 48 by 72 inch mirror, a gift from this year's seniors, are Louis Hinders, Johnny Harter, and Martha Jean Dowd.

Of these first semester officers of the senior class, only Martha Jean remains in Canyon High to continue her secretarial duties.

Class President Louis Hinders now

attends West Texas State College, while vice-president Johnny Harter is enrolled in the University of California.

Through the years, the mirror will reflect the classes' efforts to top the record of predecessors in the cavalcade of changing school events.

'Bomb' Odor Puzzles
High School Groups

"What on earth is that smell? Where is it coming from?"

These questions were asked several times Wednesday when a small (?) group of students perplexed their classmates by burning rolls of film, now better known as "stink bombs."

One bomb was burned during band period, but neither the director, Miss Mary Roberts, nor Superintendent J. B. Speer could find it. Another was burned in the study hall during the third period, several at lunch, and three others in the afternoon.

Students said they were more than glad when 5 o'clock came, so that they could "release the hold on their noses."

Merry: "Cheer up, old man. Why don't you drown your sorrow?"

Sorry: "Because she's stronger than I am. And besides, it would be murder."

and pencils are available. Paper, ink, and paper clips are still in many stores, so buy your own. Don't borrow!

'Kathleen' Will Have
Fine New Clothes

"Dresses! Dresses! Who'll bring another new dress for our doll?" cry small "mothers" in Mrs. Marion Bishir's first grade.

Kathleen, the first grade mascot, will visit various homes upon receiving invitations from "grandmothers" who will make contributions to the doll's wardrobe. She already has acquired a beautiful red "dress up" velvet dress with matching cap, an organdy party dress, a school pinafore, and a sweater.

Graders Conduct
Bird Program

With Janie Fay Jennings presiding over the business meeting, James Cundiff acting as secretary, and Teddie Howell serving as program chairman, the third grade Bird Club, sponsored by Miss Sarah Thompson, met Friday afternoon and discussed topics pertaining to their study of trees.

After reporting on the various birds seen during the week, the children listened to several stories and poems about trees.

As an additional feature of the program, Teddie directed a quiz program in which the nature students identified different trees recently studied.

At the close of the program, the children received bird pictures.

For the past two weeks, these children have brought specimens of various kinds of trees and bird's nests to put on display.

Typewriters Join
Equipment Drive

Because Uncle Sam has requested that all typewriters not in constant use be sent to the government, four Canyon High School typewriters have gone to war.

L. A. Vahue of the Russell Stationery Company, Amarillo, and representing the federal government, has secured the local typewriters, as well as machines from many other Panhandle towns.

Since there are 16 typewriters left in the high school typing room and only 15 students in the largest class, Canyon High will not suffer from this contribution.

Amarillo has agreed to release 20 typewriters for government use; Pampa, seven; Prisma, four; Tulla, four; Groom, one; Ehamrock, four. Numerous other schools and business houses also have contributed to this enterprise.

Class Play Yields
Large Dividends

After the deducting of taxes and other expenses, the returns from the senior play, "Aunt Susie Shoots the Works," added \$74.20 to the class treasury.

For making up the actors, the class has expressed its appreciation to Misses Bernadine Phillips, Zola Mae Thomas, and Vivian Earl Davidson, members of the West Texas State College dramatics club, who are studying make-up.

Serving as ushers for the production night were Peggy Harding, Barbara Michael, Willie Marie Babb, and Frankie Lou Goetsch. Tommy Lou Ford and Evelyn McClelland were ticket sellers, and Polly Winstead, a mid-term graduate, was prompter.

Hoopsters Receive
Special Awards

Basketball season is over, all but the awards to the individual players. Basketeers who will receive jackets or letters or both are Max Bosley, guard; George Black, guard; Don Standley, center; J. Spencer Winn, forward; Bobbie Dowd, forward; and Leslie Gordon, substitute.

Most of these boys will be back again next year as the only basketball graduate is George Black.

School Entertains
Assembly Guest

Dr. Bernice Moore, sociological adviser of community and family life, from the University of Texas, will be presented at Canyon High School's assembly Wednesday afternoon at 3 o'clock, instead of Thursday morning, as was previously announced.

Local residents are invited to attend this informal discussion of "The Student's Role in Wartime."

Shop in Canyon regularly.

Teachers Will Attend Meeting

Freshman Class Delegates Feature
"Petunia's Pink Pills" in Assembly

"Ladies and gentlemen, the sponsors of Aunt Petunia's Pink Pills wish to feature a combination—People are Funny, Baby Snooks, and Kay Kyser program all in one," announced Doris Meadows Friday in assembly as she introduced the Freshman program announcer, Evelyn Garrison and the advertising representative, Johnnie Frances Wallen.

Student body members who were the victims of such questions as "Give the name of a day in the week besides Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday," (answer today and tomorrow) were awarded pink pills.

With Ray McDonald as Kay Kyser, Cherri Kilcrest as Baby Snooks, and Albert Boone as Daddy, the class also gave original radio skits from these famous programs.

Introducing the assembly program were Freshman girls singing "White Cliffs of Dover" and "Praise the Lord and Pass the Ammunition." As a concluding number, Evelyn sang "There's a Star Spangled Banner Waving Somewhere."

Contest Increases
War Bond Sales

Canyon High School is endeavoring to have 90 per cent of its students buying War Bonds and Stamps regularly by April 19. When this goal has been attained, the school will have the privilege of flying a Minute-Men flag under the United States flag.

To aid in this campaign, the six classes of Canyon High School are staging a contest for the largest percentage of regular stamp purchases. Each class will have a flag of its own to be flown below the Minute-Men flag as it surpasses all other classes in purchases.

As an additional feature of this drive, the students will have the opportunity to purchase stamps in their first period classes one day a week instead of in the hall.

Students Donate
Victory Savings

As their contribution to the National Red Cross drive, the Canyon High School faculty and student body have given \$53.20, and the grade school has given \$34.10.

It was for the purpose of keeping these contributions that several of the grade school classes brought and filled "pig banks for victory." Most of their donations were in pennies, nickels, and dimes, which they have been saving since Christmas.

Supt. J. B. Speer has received a letter of appreciation from T. V. Reeves, chairman of the Randall County chapter of the Red Cross.

Committee Picks
Corps Officers

Tommy Thompson and Don Standley will be temporary commanding officers of the Canyon High School Victory Corps. A committee of teachers selected these officers because of their outstanding leadership and their compliance with Victory Corps requirements.

Students whose applications for general membership in the Victory Corps were accepted met Tuesday to plan organization activities.

SAVE!

One of the best ways to save your shoe uppers is to keep them well shined. The polish helps to preserve the leather and prevents it from cracking and scuffing.

Let us shine your shoes at regular intervals.

We turn out repairs as rapidly as possible, in order to help you with your shoe rationing.

WORTH'S
SHOE SHOPCanyonites Hold
Various RolesSpecial Badges Will Admit
Delegates to All Sessions

Several educators of the Canyon Public Schools will have prominent roles in the Northwest Texas Conference for Education, Texas State Teachers Association, to be held in Amarillo March 19. Supt. J. B. Speer is chairman of the legislative committee; Mrs. Guy B. Tabor and Miss Grace Clark are secretary and treasurer, respectively, of the Randall County unit; Miss Elva Fronbarger is secretary of the Elementary principals' section; Miss Myrtle Hall and Miss Clarence Whitten will take part in the round-table discussion in the art section.

Registration will begin at 9 a. m. in the Amarillo Senior High School building, admission to all meetings to be by registration badge only. The general session will open at 10 o'clock in the school auditorium.

Meyer Will Preside

Dr. A. M. Meyer, dean of the graduate school of West Texas State College, will preside. Speakers will include Dean Louis A. Pechstein of the College of Education, University of Cincinnati, who will speak on "Youth and the Future"; Dr. Bernice M. Moore of the University of Texas, who will speak on "Emotional Climate of Parents and Teachers in Our Times"; and F. L. Moffett of Center, president of the Texas State Teachers Association.

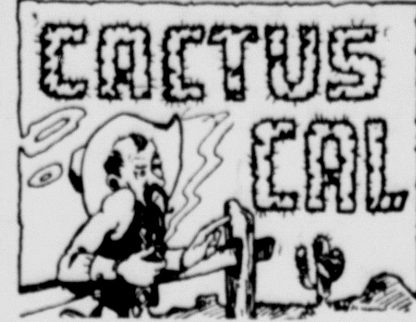

Prof. E. J. Schultz of the University of Oklahoma will lead group singing, and the Berger High School band, conducted by M. J. Newman, will play.

School Choir Will Sing

A. B. Lewis, vice-president, will preside at the second general session beginning at 1:15 p. m. The Amarillo High School A Capella choir under the direction of Miss Julia Deane will sing. An N. Y. A. state representative will be the first speaker, followed by Dr. Pechstein in an address on "How Parents and Teachers Irritate Children." A third speaker will be chosen.

Students in both the grade school and high school will have a holiday on this day.

Dr. John M. Fletcher, Tulane university psychology professor emeritus, has been recalled to active duty after four years in retirement.

Carolyn Black and Charles Owens certainly clicked together Thursday night in the "Aunt Susy" production even if Louis Hinders was in "hearing distance." I presume, however, that Louis gained back lost territory after the play.

Doris Meadows brightened up like a sunrise Friday in Student Council meeting when the suggestion was made concerning a speaker for assembly from Amarillo Air Field.

Barbara Michael and Josephine Mulanax with their senior refugees from the American history class hung out in the agriculture room last week oozing with curiosity when the juniors declared them dangerous listeners. It wasn't the girls that they discussed, so I'm told, but a military secret of the juniors, namely getting the lead in the sales of Stamps and Bonds.

"All God's Children Got Shoes" definitely applies to the "gal" population of Canyon High with a rough estimate, calculated from a small survey, of eight and one half pairs of shoes per person of wearable "foot leather."

Guess Who

This girl I'm about to discuss Is a blond who rides in on the bus. Her blue eyes you see always smiling; In general, she's very beguiling.

Although she is always so quiet, I bet she could cause a real riot; Since I've heard of a soldier she's writing And a lad in the West, so inviting.

Her lipstick must be Revlon, 'Cause it rhymes with her name,

Willie Marie Babb and Frankie Lou Goetsch are the answers to last week's Guess Who.

Shop in Canyon regularly.

SURE—
Fly 'Em,
Kids
but Stay
Away from
ELECTRIC
WIRES!

Safety "Don'ts" for Kite Flyers

- Don't fly kites near Electric Wires.
- Don't use metal or wire on any part of kite.
- Don't use string with wire in it—keep string dry.
- Don't climb electric poles to recover kites, call our Serviceman.

Every real American boy—and lots of girls—love to fly kites—it's great fun and it takes real skill, too!

But observe these Safety Don'ts for kite flyers. Have lots of fun this kite season but "Fly 'Em Safe."

Sketches of Progressive Men & Civic Leaders of Amarillo

Universal Concrete Pipe Co.

J. A. HARRIS, Mgr.

One of the most substantial members of the Amarillo industrial group is the Universal Concrete Pipe Co. Not only does this firm maintain a payroll and plant in this city, but it is also one of those industries that are indispensable to the progress and development of a growing city such as Amarillo.

Up to the present the company has been almost wholly occupied on National Defense projects. But the time is approaching when they will be ready to serve other interests. Cities continue to grow and prosper because of the presence in them of firms of this type.

Mr. J. A. Harris, who has operated the Universal Concrete Pipe Co. since May of last year, is the man responsible for the high position and standing of his firm in the community. Mr. Harris is civic minded and may be depended upon to lend his support to any project which promises to benefit the community, and he has earned the respect and friendship of all who know him. J. A. Harris and the Universal Concrete Pipe Co., are to be congratulated upon for their constructive and progressive activities in Amarillo.

Plains Creamery

A. F. MADISON, Mgr.

A dairy company which deserves its full measure of success, and which has been constant in its devotion to the needs of the people of this district is the Plains Creamery, a company whose emblem on dairy products is your guarantee of unquestionable quality. This firm has carried on a healthy business for many years and over that period of time has made many thousands of friends for the city as well as for itself. We are unable to overestimate the importance of such companies to our community, and our review of essential concerns would not be complete without bringing this creamery to the attention of our readers.

Mr. A. F. Madison, who recently took over the management of the Plains Creamery, is vitally interested in getting increased production in our district and his cooperative efforts toward that end has received much favorable comment. Mr. Madison has considered his business and civic responsibilities in a serious manner and is always ready to aid in the promotion of any project which promises to benefit Amarillo and this district as a whole. We congratulate him on his conduct of a business which is an asset to this entire district and we wish for him continued success.

W. F. Cretney

Every progressive, successful business man in Amarillo contributes in some manner to the growth and progress of the city. And a man who has always done his bit in both civic and business activities is Mr. W. F. Cretney of the Cretney Drug Store.

The Cretney Drug Store in addition to carrying a full line of drug sundries are prescription specialists—where prescriptions cost less.

The prominent part that the Cretney Drug Store has played in the business and civic life of Amarillo and vicinity mirrors the progressiveness and ability of such men as W. F. Cretney. He has at all times been steadfast in his devotion to the city and the surrounding country and on many occasions lent his support to the successful promotion of meritorious civic projects.

Amarillo and this district are fortunate to have such a man as W. F. Cretney in a position of responsibility and service and this newspaper feels that it merely reflects public opinion in paying this brief tribute to a man of such worth.

Henry Thompson and Benton King

Two of the better informed insurance executives of the city of Amarillo are Henry Thompson and Benton King of the Thompson-King Co.

They have been performing an essential service for the people of this district over a period of time, and during that time have made a great many friends both for themselves and for companies they represent. They have contributed a great deal of their time and energy to the growth and progress of this district, and have been content to take their reward in the quiet knowledge of a work well done, and the respect and admiration of their many friends.

Their willingness to perform in the interest of the community as a whole is one of their most admirable characteristics and they have often made personal sacrifices in order to contribute to the general welfare.

We congratulate Henry Thompson and Benton King on their splendid reputation and wish for them continued successful careers as leaders in the insurance field in this district.

The Shamrock Oil and Gas Corp.

The petroleum industry has always been of major importance; but it is more so now than ever, because of the vital necessity to our national defense and war effort.

One of the major oil companies which has played a very important part in the growth of Amarillo and the Panhandle is the Shamrock Oil & Gas Corp.

This company has assumed a civic responsibility in this part of the state which would be difficult to describe. At all times The Shamrock Oil & Gas Corp., have made every attempt to co-operate on programs which gave promise of benefitting the community. A more civic minded executive personnel would be hard to imagine than that which directs the policies of business administration.

The employees as well as the executive personnel of the Shamrock Oil & Gas Corp., have entered completely into the civic development of the community and have continuously shown their active interest through participation in the work of those groups in the betterment and progress of the community. We would be blind, indeed, were we not to recognize and give full credit to this progressive concern for their part in the development of this entire district.

Mrs. W. R. Wilson, Jr.

In compiling this review of progressive Amarillo business people we have endeavored to select those men and women, who, by the manner in which they have conducted themselves and their business, have caused the public to spot in them certain qualities over and above the average. Such a personality is Mrs. W. R. Wilson, Jr., who, in the absence of Mr. Wilson who is now in the army, is carrying on and operating the Wilson Camera Store. She is well known and has many friends in this district.

Mrs. Wilson's main interests have not been solely confined to her own private affairs and the conduct of her business, but have also included the development of those projects of a civic nature which come within the scope of her activities.

Mrs. W. R. Wilson, Jr., is a business woman of wide experience whose exploits in the business and civic life of Amarillo and vicinity merits more than passing attention and this writer is privileged to pay her this tribute.

Date and M. Z. Wilson

Amarillo owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center of the Panhandle. In mentioning some of these men it is only fair to include Date and M. Z. Wilson of the Wilson Battery & Electric Service.

They deserve a great deal of credit for their success in business and civic activities. Their main interests have always been devoted to the welfare and building up of a great Amarillo. The value of such men to the community cannot be overestimated when taking into consideration the many things they have accomplished that have been such an asset to their city and this district.

Date and M. Z. Wilson are wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities they have conducted on behalf of the general welfare of the community. The honest and successful conduct of their business affairs is but a reflection of their character. We trust they shall continue to serve Amarillo and vicinity for many years.

E. F. Ruddick

Mr. E. F. Ruddick of the Ruddick Cabinet Shop, is that substantial type of citizen, who because of the nature of his business, is widely known and has many friends in and around Amarillo. He has in the past and no doubt will continue in the future to give more than his share of time and energy for the welfare of others than himself.

E. F. Ruddick is the type of person who makes friends, and friendships once formed by him are never broken by an unfriendly act on his part, and he spares no effort that his services to the people of Amarillo and vicinity shall be commendable.

Mr. Ruddick has never been known to inject himself into a situation for the mere purpose of gaining publicity. However, he proceeds in a calm unostentatious manner, and accomplishes his objectives with a quiet dignity.

In our opinion E. F. Ruddick is a good example of the more progressive type of business man who has aided in the growth and development of Amarillo and the Panhandle.

This department has been worked up as a reflection of public opinion. No man has written of himself or his business, all articles having been compiled by a Canyon News representative as he saw conditions. These men are leaders in their various lines of endeavor, and the co-operation of those citizens of Amarillo who helped to make this department possible is sincerely appreciated by the publishers of the News. All material hereunder fully copyrighted and all rights to any part thereof reserved.

J. F. Stanley and W. P. Herrington

The city of Amarillo has assumed its place of importance in the Panhandle because of the efforts of far-seeing business and professional men who have developed the natural resources and extended the trade advantages of the locality. Two of the men who have taken an important part in many progressive movements are J. F. Stanley and W. P. Herrington of the Stanley & Herrington Produce Co.

They have devoted a great deal of their time and energy to the growth and development of Amarillo and this district and it is fitting at this time that we attempt to express in a small way our appreciation for their unselfish contributions to the general welfare.

They are men of wide acquaintance, whose many friends admire and respect in them those virtues which inspire confidence and promote good feeling. Their upright business methods are a credit to their high sense of honor. We congratulate J. F. Stanley and W. P. Herrington on their splendid record of service and wish for them continued success.

G. W. Mills

There are a number of business and professional men in Amarillo who stand head and shoulders over the crowd. This is especially true in the case of G. W. Mills, the branch manager of the Southwestern Life Ins. Co. Mr. Mills has long been in the forefront of the business and civic life of Amarillo. He is an aggressive person, yet one whose genial personality has earned for him and his company a host of friends and policy holders in this district.

Mr. Mills intuitive understanding of the needs of the city are a valuable and important factor in the successful promotion of many civic activities. As a result of the combined efforts of men like him Amarillo is firmly established in the minds of the people for many miles around, and as a growing metropolis which they regard as the logical business center of the Panhandle.

We congratulate G. W. Mills for his success in business and public affairs and say without fear of contradiction that he will continue for many years to enjoy that success which he has so justly earned.

Bell Tailors, Inc.

A. JACK CLARKE, Mgr.

The Bell Tailors, Inc., is one of those reliable Amarillo tailoring companies of which we are able to speak in the highest of terms. This company has been tailoring clothes for the people of the Panhandle for a great many years, and over that period of time has established itself as one of the leading firms in its field. No amount of effort is spared to see that all orders are handled with the utmost care and dispatch. And the people with whom they do business are more than satisfied with the quality tailoring and service which they receive from the company.

They have an unusually large stock of woolsens to choose from and their large volume of business enables them to maintain a price level within reach of all.

A. Jack Clarke, the manager in Amarillo of the Bell Tailors, Inc., has had a long experience at his business and is thoroughly competent in every respect. He is also the type of citizen who contributes to worth-while causes and to the best of his ability, backs those movements or projects which tend to further the growth and progress of the city.

Mr. Clarke and the Bell Tailors, Inc., are assets to Amarillo and this entire district and we take pleasure in paying them this brief tribute.

V. E. Dowell

Mr. V. E. Dowell who recently took over the management of the Watkins Products Co., in Amarillo quite readily demonstrated his executive ability by his quickness to grasp local conditions and to conduct his affairs accordingly.

Although he has only been the manager of the Watkins Products Co., for just a few months, he has already made many personal friends in his new position as well as many new friends and customers for the business.

He is a wide-awake, energetic man whose sincere and friendly personality and desire to be of service is rapidly earning a place for him in this district. He has taken an interest in community activities, and in the due course of time will assume his share of civic responsibility.

V. E. Dowell deserves a word of praise for having so quickly established himself in his new position and we are glad to give him this brief mention.

John Ritchie

We wish in this edition to pay tribute to John Ritchie of the Witt Ice and Gas Co., for his many services to the city of Amarillo and his splendid record of achievement in the business life of the city. Mr. Ritchie probably has as wide a circle of friends as any other person we could name. He has cultivated personal friendships at every opportunity and is at pains to conduct himself in such a manner as to deserve the respect and admiration of all who know him.

A city is fortunate in being able to number among its more progressive business people such a personality.

John Ritchie is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon and his services to the people are too many in number to be described here. It may be sufficient to say that the publishers of the Canyon News consider Mr. Ritchie an asset to the community and a progressive business man of whom the city may be proud.

Don Martin

In critical times such as these, it takes business men of more than average ability and optimism to carry on their operations successfully. In making this statement the man we have in mind is Mr. Don Martin, the new manager of the Southern Select Dist. Co. in Amarillo. His contagious optimism and freely expressed belief in the future prosperity of Amarillo and the Panhandle are characteristics which we appreciate in a business leader.

Mr. Martin has already made a large circle of personal friends as well as business associates in the conduct of his business. He has begun to take an interest in community activities and has shown a willingness to shoulder his share of the civic load.

It is men like Don Martin, who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief tribute.

Geo. W. Kercher

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are usually among the first to be called on to help with all worthy projects. Such a man is Geo. W. Kercher of the San Jacinto Realty Co. He stands at all times prepared to assist his city and is ever ready to take off his coat if necessary, and work for its best interests. As evidence of his progressiveness, Mr. Kercher was a prominent member of the group that originally advocated the widening of West Sixth Street and saw it through to completion. He is a charter member of the San Jacinto Kiwanis Club and is now serving his sixth year as secretary of that organization.

We take pleasure in paying this brief tribute to George Kercher for being a farsighted business man who is firmly established in the forefront of the business life of Amarillo and the Panhandle.

R. L. Saunders

It is fitting in this review of progressive Amarillo business men that we acquaint our readers with the man to be credited with having maintained the Saunders Implement Co., in the enviable position it holds in the rural life of this district. That personality of Mr. R. L. Saunders, the president and manager, whose genius for organizing and for converting new ideas into actual deeds has played a vital role in the distinctive reputation which the Saunders Implement Co. now enjoys throughout the Panhandle.

Mr. Saunders has found time in addition to his business activities to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business and in promotion of the general welfare of the community. We are glad to pay this brief tribute to him and to say this district owes much to the many benefits which R. L. Saunders and his company have rendered to the people.

R. E. Scoggins

Due to the efforts of a group of wide-awake business and professional men the city of Amarillo has attained a dominant position in the commercial life of this section of the state. One of the men who has justly earned credit for being a progressive member of that group is R. E. Scoggins of the Shell Lumber Company.

It is because of the successful operation of such businesses as his that the city of Amarillo has earned the reputation of being one of the more progressive cities in this district.

Bob Scoggins is a man who has been conspicuously successful in business in spite of the fact that he has repeatedly neglected his own affairs to devote a part of his time and efforts to the successful promotion of some civic project.

This writer considers it a privilege to include Mr. Scoggins in our Amarillo review and to publicly give him credit for his contributions to the general welfare not only of his own city, but of this entire district as well.

G. M. Stone

Because this is a period of growth and expansion for Amarillo those business leaders who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions are entitled to more than ordinary acclaim. We are therefore glad to pay tribute to Mr. G. M. Stone of the Western Tent & Awning Co. This company has a large upholstery department and renders a complete service for upholstery, refinishing and repairing furniture—also the making of slip covers.

Mr. Stone's persistent optimism and steadfast belief in the continued prosperity of the people of Amarillo and vicinity are characteristics which are deserving of our highest praise.

G. M. Stone has always shown a willingness to do his part in civic advancement, and has contributed repeatedly of his time and energy to the welfare of his city. We believe that this type of business leader is entitled to our sincere praise both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

ADDITIONAL AMARILLO REVIEWS ON NEXT PAGE

Frank Warren

In paying tribute to some of the more progressive business men of Amarillo, we would be remiss in our duty were we to fail to include the name of Frank Warren of the Warren Floor Co., a man who has contributed much to the welfare of Amarillo and the community for many miles around. His civic spirit is evidenced by the many services he has performed and which he continues to perform in the interest of the people as a whole. No worthwhile enterprise which promises to benefit the community escapes his attention.

The Warren Floor Co., is completely equipped to do floor surfacing and finishing for farm and ranch homes as well as city dwellings.

Frank Warren is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are a credit to his high sense of honor. A community is fortunate to number among its citizens a man of this type. We congratulate Mr. Warren on his splendid record of service and trust he shall continue to assist us for many years to come.

Neill Singleton

Most cities if they amount to much are man made. They do not just happen. It has been the realization of its more progressive citizens that their city must grow and prosper and be something other than just another place on the map, that has brought results and made it possible for the city of Amarillo to be an outstanding one, and for those within it to prosper. Mr. Neill Singleton, a leading building contractor, is one of those men to whom credit must go for playing no small part in the growth and development of Amarillo and vicinity.

Mr. Singleton would be the last man to mention the matter, but when the call goes forth to rally around something worthwhile for the community he is among the first to volunteer. The friends of Neill Singleton are outspoken in paying him this well deserved tribute and they do so because of a thorough knowledge of his activities. Successful in his own business, he is equally as successful in the promotion of civic progress.

Wm. C. Townes

There are many people in their chosen field who are prominent, but will not permit much to be said about their achievements. It is however, public property every time a man or woman reaches a position in any community where they are generally recognized as a leader in their line. Mr. Wm. C. Townes, a leading architect, has always done his work effectively, even though it has been accomplished in an unobtrusive manner. And many fine homes and buildings in Amarillo will stand for years as monuments to his artistic and creative ability.

Mr. Townes, even though he may be otherwise occupied, always manages somehow or other to do his bit in any movement calculated to benefit the community. His modesty, however, will not permit him to say the things about himself which are said by his friends, who would also tell you that his professional conduct is a credit to his high sense of honor. Wm. C. Townes is a business and professional man who well deserves more credit than accorded him here.

John E. Cunningham

Mr. John E. Cunningham of the Southwestern Public Service Co., has won the universal commendation of the people of Amarillo and our community for the progressive manner in which he has kept his company in the forefront of the business life of this district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

John Cunningham is not the kind of a man who makes himself conspicuous by the manner in which he conducts himself either in business or civic matters. Yet his quiet reserve and air of confidence mark him as a man of sound judgment whose opinion and advice is sought after and listened to with respect.

We compliment John E. Cunningham on the successful operation of the Southwestern Public Service Co. in Amarillo, also for his constructive advice and help in those civic activities in which he has found time to interest himself. He is a man whom many are proud to call a friend.

L. C. Whitney

Our issue today proposes to call the attention of our readers to some of those progressive business and civic leaders who have contributed their share of time and energy to the building up of Amarillo and the surrounding territory to the position of prominence which it enjoys at the present. One of these men to which we wish to direct attention to is Mr. L. C. Whitney of The Whitney Co., a business man who has never spared himself in his aggressive march forward. He is a man whose competitors respect as much as do all others with whom he comes in contact.

L. C. Whitney is at all times conscious of his civic responsibilities and may be depended upon to meet in every detail the many opportunities which present themselves to be of service to the city. Mr. Whitney's record of achievement is one of which he may well be proud. His value to the city, and this district is an established fact and we hasten to give him the credit which is his just due.

W. B. Hamilton

Mr. W. B. Hamilton of the Safe-Way Cab Co., is one of those quiet unassuming, yet progressive business men who has consistently forged ahead in his business. And he has also put his shoulder to the wheels of civic progress whenever his help was needed in furthering civic enterprise which showed definite promise of being beneficial to the welfare of the people.

W. B. Hamilton was never a man who was given to wishful thinking. His methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and keen sense of values and it is easily understood why he is almost invariably successful in business or civic activities.

We feel it is our duty to call the attention of our readers to these worth-while characteristics of Mr. Hamilton and to pay him a deserved tribute for his straight forward business methods and for the unselfish interest he has shown in public welfare.

Sketches of Progressive Men, Civic Leaders, Amarillo

Clyde Crump and Myrl M. Beck

Miss Myrl M. Beck and Mr. Clyde Crump of the Apache Leather Goods, are two people who have always done their bit to maintain the prestige of the city of Amarillo as the leading metropolis of the Panhandle. They have always worked for the development of the city and their many services are worthy of sincere appreciation.

Clyde Crump and Myrl Beck have proved themselves worthy of extended mention and these few words are not really adequate recognition of the many services they have performed in the promotion of public welfare. Their well-earned success in the business life of the city is easily understood knowing as the people do their widespread reputation for the honesty which characterizes all of their business dealings.

They are completely aware of their civic responsibilities and are wide awake to the many opportunities for service. They are always ready and willing to lend their support to any project which promises to benefit the community as a whole. We compliment Clyde Crump and Myrl Beck on their accomplishments and wish for their continued success.

Emma A. Hicks

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Amarillo has its share of these civic minded people and one who is deserving of recognition, is friendly, efficient Emma Hicks of the Yellow Cab & Baggage Co. Her pleasing personality and ideals of service have been major factors in maintaining the Yellow Cab & Baggage Co. in a prominent position in the business life of the city. Miss Hicks has not only in her business activities but also in her attention to civic duty assumed a leading position in community affairs.

Emma Hicks has always been ready and willing to contribute her time and energy to the promotion of any project which promises to benefit the community as a whole. She has often sacrificed her personal interests to be of assistance to the city. Her efforts are deserving of commendation and support.

We congratulate Miss Emma A. Hicks and predict that the future will bring her even greater success.

Eugene F. Harris

Performing a valuable service for the people of Amarillo and the surrounding area, Mr. Eugene F. Harris, the manager of the Panhandle agency of the State Reserve Life Ins. Co., a leading insurance executive, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection of the people both need and can afford have been important factors in his well-earned success.

Mr. Harris is a man of ideas and he is as practical as he is aggressive in putting those ideas to beneficial use in furthering the service he renders to the people. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leaders of Amarillo. And yet he is unassuming and modest in his personal contact with the people; always ready and willing to listen to their ideas and desires.

We are glad to pay tribute to this type of business leader, for it is such men as Eugene F. Harris who have caused Amarillo to become recognized as the metropolitan center of the Panhandle.

Johnson Items

Mrs. E. J. Bauer underwent a major operation in St. Anthony's hospital Tuesday.

Sunday supper guests in the F. H. Bauer home where Rev. and Mrs. Earl Moehring and family of Lockney, Mr. and Mrs. E. J. Bauer and daughter, and Mr. and Mrs. I. L. Bauer and family.

Business callers in Amarillo Monday were Mr. and Mrs. C. W. Bauer and Leona, and Mrs. E. J. Bauer, Mrs. I. L. Bauer, and J. J. Bauer. Rev. and Mrs. Earl Moehring and family visited in the Paul Goettsch home Sunday evening.

Mr. and Mrs. F. H. Bauer were business callers in Amarillo Thursday.

Mr. and Mrs. E. J. Bauer and Elmer, Jr., spent Thursday in the Roy Stockett home in Tulsa.

Prices of agricultural commodities in mid-January were 182 per cent of the 1909-1914 base, and 33 points higher than at the same date last year.

They that love beyond the world can not be separated by it. Death can not kill what never dies.

G. Ben Miller

The progress of any community hinges to a great extent upon the activities of the more progressive men and women in the world of business. This is as true in this locality as in any other sector and local readers are thus to be congratulated for their part in the general advancement of the area's status. One of the more progressive hotel managers in this section is Mr. G. Ben Miller, who is widely known and universally liked.

Few people have so clearly shown the success possible through the tireless effort and fine conduct with the public, and he fully deserves that success for which he has worked so hard.

The success of Ben Miller illustrates the merits of ability grounded in experience and coupled with added asset of a pleasing and sincere personality. The Ross Hotel of which he is the manager, is a recognized asset to the business life of Amarillo. We compliment Ben Miller for the successful management of the Ross Hotel and hope he will have many more years of continued success.

Physical Training At Camp Rigorous

Four hours of drilling and calisthenics in a single day constitutes only routine in the life of Don Foster, who reported recently to the U. S. Air Forces. He is stationed at Boca Raton Field, in Florida.

He is taking basic training in the ground school. He reports that the camp is well equipped and the weather is good.

Wayside Items

Sunday was Rev. Menefee's regular day with us.

Mrs. Henry Hamblen is visiting her mother near Dawn.

W. H. Hamblen and Kaffir Knox were Amarillo callers Monday.

Mrs. Tom Knox and family visited in the Luther Aiken home Sunday.

Plowing gardens seems to be the order of the day.

Mr. and Mrs. Charles Kennedy and little son, Robert, have moved to the John Stockett place where they have employment.

"A dollar doesn't go as far as it used to."

"No, but see how much faster it goes."

Program for Teachers Ready

Amarillo Air Base Adjutant Added to List of Speakers

School teachers of the Panhandle will have an opportunity to hear outstanding leaders in Texas and American education when the Northwest Texas Conference for Education convenes in Amarillo on March 19. The printed programs are being distributed.

Sessions will be directed by Dr. A. M. Meyer of West Texas State College, president, and A. B. Lewis of Amarillo, vice-president.

This year's meeting is being limited to the morning and afternoon of the single day. The first general session will begin at 10 a. m. and the second at 1:45 p. m. Luncheons will be held at noon and more than a score of sectional meetings in the afternoon.

General session speakers will include Dean Louis A. Pechstein, School of Education, University of Cincinnati; Dr. Bernice M. Moore, University of Texas; F. L. Moffett of Center, president of the Texas State Teachers Association; Major N. C. Voshel, adjutant general, Amarillo Air Base; and Dr. Maycie Southall, former primary education specialist of Peabody College for Teachers, now of the Office of Defense Health and Welfare Services.

Registration for the big meeting will be held at the Amarillo Senior High School, where most of the sessions have been scheduled. The House of Delegates will hold the business meeting of District 9, Texas State Teachers Association, at 5 p. m.

Among the sectional meetings will be those for trustees, librarians, and Parent-Teacher associations.

To Study Language Barriers

Teachers of foreign languages in Panhandle schools will meet during the Conference.

Officers of the group are G. M. Hudson of Hereford, chairman; Miss Lora Mae McFarland of Wellington, vice-chairman; and Miss Katie Mae Lusk of Phillips, secretary.

The program theme will be "Breaking Language Barriers in the Post-War World." The Friona Spanish club will sing Spanish songs and the Rev. Fidel Reyes of Amarillo will be heard in solos. Dr. Charles B. Qualla, head of the Spanish department of Texas Technological College, will speak.

Professors to Talk

Teachers of High School Language Arts will have a special section meeting.

Miss Dorinda Bond of Amarillo High is chairman of this group, and Miss Margaret Jones of Pampa is secretary.

The program theme will be "Reconstructing the English Curriculum to Meet Wartime Conditions." Dr. Seth A. Fessenden of West Texas State will speak and Dr. B. F. Fronabarger of the same institution will talk on "Meeting the Specialized Written English Needs."

Izzard to Talk

Social science teachers will have a section meeting in Amarillo during the Conference.

Mrs. B. R. Weeks of White Deer is chairman, Mrs. Dan Busch of Pampa is vice-chairman, and Mrs. Lela Crossett of Amarillo is secretary.

Wes Izzard of the Globe-News will talk on "Interpreting the News."

Two College Speakers

Problems of consumer education and adapting the program to wartime needs will be discussed in the Homemaking section of the Conference.

The speakers will be Miss Elizabeth Cox of West Texas State College and Miss Gladys Armstrong, area supervisor of homemaking education.

Officers of this section are Robert Sanford of Pampa, chairman; Miss Mary Elizabeth Stanford of Friona, vice-chairman; and Beatrice Elliott of LeFors, secretary.

A Heavy Program

Problems of guidance work in high schools will be studied at another meeting during the Conference.

E. L. Hunter of Amarillo is chairman of this group. Other officers are Bryan Durham of Dalhart, vice-chairman, and Kenneth Kendrick of Phillips, secretary.

The program theme will be "Helping Youth Meet Today's Needs." Speakers will include Miss Frances McFeely, director of the Travelers' Aid Service; Cal Farley, Amarillo civic leader; Miss Elizabeth Payne, Amarillo YWCA director; Dr. A. Kirk Knott, West Texas State College; and Cpl. Harold Feldman, Amarillo Air Field. R. A. Selby of the Amarillo Public Schools will direct the panel discussion.

To Talk Science

High School science teachers will meet under the chairmanship of C. A. Wallace of Amarillo during Conference.

Mrs. G. H. Alexander of Pampa is vice-chairman and Russell Smith of Amarillo is secretary.

The program will be a round-table discussion of training of boys and girls for war work.

Librarians to Meet

The effects of wartime needs on libraries will be studied in one section of the Conference.

Officers of this group are Miss Elbertine Reeder of Amarillo, chairman; Miss Katherine Kirby of Hereford, vice-chairman; and Miss Ila Pool of Pampa, secretary.

All librarians present will be in-

Leaving

Dr. Klem Alexander, professor of chemistry and biology, has accepted the offer of a position on the faculty of the Alabama Polytechnic Institute at Auburn, Ala. He is to begin his new work March 12.

Dr. Alexander came to West Texas State four years ago from the University of Iowa, where he had been an assistant professor of chemistry. In his new position he will specialize in organic chemistry.

Student assistants are taking over most of Dr. Alexander's classes. Nell Green, graduate student, is directing laboratory work.

Tale of a Man In a Hurry to Join the Army

Bruce Brown of Claude has the reputation of being the most anxious man in West Texas—to get into the Army.

He received his notice on Sunday. On the previous Saturday he had bought a new car, and left a tire in Amarillo to be vulcanized. Early Monday he went to Amarillo to get his tire, but was so eager to get into the Army that he forgot to pay for the repairs.

As he rushed toward Canyon he visited to participate in the discussion.

Hull Is Chairman

T. G. Hull of Amarillo will be chairman of the Manual Arts Section.

Prof. John A. Gillis of West Texas State will talk on "Industrial Arts During and After the War."

A discussion will follow.

College Girls to Have Program

Cross and Barrett Given Supervision of Co-ed's War Work

Two faculty women have been given important appointments by President J. A. Hill in connection with wartime service in this community.

Miss Ruth Cross, head of the Department of Physical Education for women, will be advisor to college girls in all matters concerning their possible enlistment in the WAACs and WAVES or other military organizations. It will be her task to have up-to-date information on all these services and to carry on correspondence with them. Any co-ed wishing information about a military service may consult Miss Cross.

Miss Margaret Barrett, head of the Department of Home Economics, will direct college activities in community service and will be advisor to college women who are interested in any work related to foods, clothing, health, and child care. Miss Barrett also will make the facilities of her department available to all women of this community and will provide instruction in food preservation on demand.

These instructors, together with Mrs. T. V. Reeves, form a faculty committee on the women's wartime program. Mrs. Reeves is chairman of the committee.

VETERAN TELEPHONE RE-ENLISTS

Desk telephones—sturdy veterans that figured in the growth of America's telephone system for years and years—are being called back for wartime service.

More and more, telephone materials and telephone production lines have been shifted to supply things the Army and Navy must have. That means less and less for the nation's

telephone system. So thousands of these old-timers are coming off the shelf.

They are ready to do their part in meeting today's tremendous demand for telephones.

They are good telephones—first-class talking instruments. And they'll do a first-class job of carrying the calls of a nation at war.

V-NEWS

Are you a wasteful housewife? Are you conserving time, energy, fuel and foods?

Valuable minerals and vitamins are often lost somewhere between the garden and the table. Aging and wilting of vegetables causes loss of Vitamin C. Prevent wilting by storing in a cold place. Do not allow vegetables to stand in water. This soaks out minerals and vitamins. Cooking vegetables in too much water is a common bad practice. If we throw away this water, we throw away minerals and vitamins. Do not stir vegetables while they are cooking. This exposes the food to the air and increases Vitamin C loss. Cook in covered pans. Cooking too long is still another error. Vegetables look better, taste better, and have more food value if we cook them just long enough to be tender. Ten to twenty minutes is long enough for most vegetables.

Some of us like to cook certain vegetables with pork. The wise housewife starts her pork cooking first and adds the vegetables when the pork is nearly done.

Don't add a "pinch of soda" to your vegetables; it destroys the Vitamin C.

Fuel can be saved by observing the

following cooking rules:

Bring foods quickly to a boil then reduce the heat when boiling begins. Remember you don't hasten the cooking by rapid boiling; you only boil the liquid away faster. Don't be a "Peeping Tom," lift the lid only when you need to.

Use pans with straight sides, flat bottoms, tight covers, and of size to fit the burner.

Plan your baking so one heating of the oven does several jobs; bake more than one thing at a time. This calls for planning but it will pay you in dollars and cents.

If you have trouble and waste time getting flower mixed smoothly with liquid for sauces or gravies, try this next time: Place the cold liquid (water or milk) in a small jar, add flour, put on lid, give the jar a few brisk shakes. You will have a perfect blend in a few seconds.

Pleasantview

Mrs. Cora Drummond of Canyon visited in the Lester Smith home Sunday.

A son, Aaron, Jr., was born to Mr. and Mrs. Aaron Cummins Friday.

Mr. and Mrs. Joe Crowley and Joyce and John Schramm of Canyon visited in the Harold Wall home Saturday afternoon.

Dr. and Mrs. G. K. Rogers of

Plainview, the former Presbyterian minister of Houston, visited Wednesday evening in the A. B. Haynes, Jr. home.

Mrs. Lula Collins returned home last week after spending several weeks visiting with her brother.

Lester Smith and son visited in the Milton Dooley home Sunday afternoon.

At the last club meeting with Mrs. Albert Meyer, it was decided to have one social for the community and one club meeting a month. The next club meeting will be with Mrs. Lynn Heizer.

Rusk Quizzes

Callers in the Clem Dugan home Sunday were Mr. and Mrs. Ralph Ruthardt and children and Mrs. Pauline Wendelken.

Mrs. O. A. Smith spent Sunday afternoon with Mrs. R. N. Henry.

E. H. Nunley of Flagstaff, Ariz., is visiting his family here.

Mr. and Mrs. Clarence Stallings and daughter, Dorothea Dean, called in the C. G. Stallings home Monday evening.

A survey showed that 10 per cent of the country's 36,000 auto dealers quit business last year, but that three-fourths of the remainder hope to stay in business throughout the war.

The Legislative Grapevine

By GRADY HAZLEWOOD
Senator 31st District

On Monday Senator Clem Fain presented a Constitutional Amendment that would have destroyed the pardoning power of the present Board of Pardons and Paroles, and would have restored this power to the Governor of Texas where it formerly was. After an hour of heated debate the ex-district attorneys in the Senate came through victorious and the resolution lost.

The public hearing of the Senate Civil Jurisprudence Committee on House Bill No. 9 which would completely lift the ceiling on money for old age pensions ended up in a rather scorching denunciation of the administrative forces of the Public Welfare Department. J. S. Murchison, Executive Director, drew the principal fire. He admitted that annually he had increased his own salary \$1,000.00 and the total cost of the Administration \$60,000.00.

Murchison declared that it was necessary to raise salaries because other social welfare organizations were taking away his department personnel because of better wages. Everyone laughed when Senator Beck asked Murchison if he had to raise his own salary \$1,000.00 per year to keep from losing himself. Local investigators and area supervisors also drew plenty of fire because of an alleged lack of courtesy to old age recipients. Murchison admitted that it might cost \$20,000,000.00 to lift the ceiling on pensions. Two different Senate Bills would remove Murchison from office. The apparent result of the investigation was such that one of the members of the Board of Public Welfare requested of the Attorney General an opinion as to Murchison's employment. Prediction:—J. S. Murchison will vacate his present office within the next 60 days.

Because of the provisions of the Texas Constitution many old age assistant recipients may not understand why the overwhelming majority of the Senate voted for, but failed to pass an allocation that would have avoided the \$3.00 per person pension cut in March. Under the Constitution during the first 60 days of the session, no legislation may be considered in the Senate except by the affirmative vote of four-fifths of the entire membership which is twenty-five members. With five members in the army there are only twenty-six members regularly present, which makes it possible for two members to block any legislation the Senate might desire to pass until after the sixty day period. The bill that would have avoided the cuts in the March checks has had twenty-three out of a possible twenty-six votes at all times. This is your Texas Constitution.

On Thursday night the House Appropriations Committee killed some ten or twelve different tax bills by the unanimous vote of 19 to 0. On the following morning the House re-referred all of these tax measures to the committee by an overwhelming vote. This means that the tax bills are right where they were before the committee ever voted on them.

Umbarger Items

Annette Frances, infant daughter of Mr. and Mrs. Henry Beckman, was baptized Sunday, March 7.

Mr. and Mrs. Meinrod Hollenstein and Mr. and Mrs. Otto Skarke and family were dinner guests in the Albert Fischbacher home Sunday.

Mr. and Mrs. Roscoe Richardson and Jerry, and Hyla Fae and Fred Begert visited with Mr. and Mrs. Richardson of Allison, Sunday.

Mr. and Mrs. Ernest Hollenstein were dinner guests in the home of Mr. and Mrs. George Frank, Sr. Sunday.

Mr. and Mrs. Charles Beckman and family visited with Mr. and Mrs. Henry Beckman Sunday.

Mrs. Henry Bracht and daughters made a business trip to Amarillo Saturday.

Mr. and Mrs. J. G. Batenhorst made a business trip to Canyon Saturday.

Pvt. Elmer Friemel of Dalhart spent Sunday with his parents.

Those exchanging visits Sunday were Catherine Koch with Elizabeth Ann Beckman, Georgia Ann Bedenk with Alice Westhoff, Margaret Grabber with Florence Grabber, Leona Grabber with Mary Lindemann, Robert and Allan Brockman with Ernest Frank and Paul Cook.

WHAT SHE DIDN'T KNOW

A woman put her head over the garden wall and addressed her neighbor.

"A family has moved into the empty house across the way, Mrs. Jones."

"Yes, I know."

"Did you notice their furniture?"

"Not particularly."

"I wouldn't give \$25 for the lot. Carpets! I wouldn't put them in my kitchen. And the children! I won't allow mine to associate with them. The mother looks as if she had never known a day's happiness in her life. The father drinks, I expect. Too bad that such people should come into this neighborhood. I wonder who they are?"

"I know them."

"Do you? Who are they?"

"The woman is my sister."

MADE IN JAPAN

Your Gas Ration Book is a Gift from Hirohito!

As clearly as if the words "MADE IN JAPAN" were printed on your Gasoline Ration Book, you know that the Japs are responsible for the rationing of your tire mileage.

When the Tokyo toughs seized the Netherlands East Indies and Malaya, our chief sources of supply of raw rubber immediately disappeared.

That is why your driving had to be drastically cut down. Not to save gasoline, which is plentiful in this area; but to save rubber, which is short all over the country. And rubber must be saved . . . or we risk losing the war.

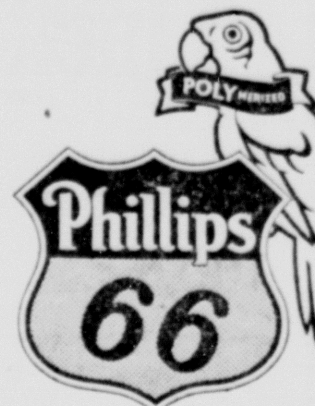

The plain, patriotic fact is that rationing gasoline is the simple, direct way to accomplish the sincerely avowed purpose of Rubber Administrator Jeffers: "To keep automobiles on the road, not to take them off."

Gasoline rationing and the U. S. synthetic rubber program are both dedicated to supplying the rubber for the combat needs of our boys from Guadalcanal to Gafsa, as well as for essential transportation here at home.

Phillips is proud that its resources,

experience, and long peacetime research have qualified it for an important role in the wartime synthetic rubber program. To this vital job, and to the needed production of 100 octane aviation motor fuel, we are wholeheartedly giving our best efforts twenty-four hours a day.

For you and for us, winning the war comes first. Patriotic drivers have as willingly accepted the restrictions on buying gasoline as we have on selling it. And we confidently promise you that when victory comes, today's concentration on petroleum research will bring you almost undreamed of improvement in the Phillips 66 gasoline which will power your car and the Phillips rubber on which it will roll.

HAVE YOU FORGOTTEN ABOUT SCRAP?

What Is SCRAP?

When an article is worn out, obsolete, or otherwise useless—it is still far from worthless! Then it becomes "SCRAP," and Scrap is one of America's most vital needs today.

For this "SCRAP"—the miscellaneous junk that clutters basements and lies around back yards—is actually a raw material. And it is necessary to the forging of Victory.

THERE ARE MANY KINDS OF SCRAP MATERIALS

... but America's greatest needs today are for these kinds of Scrap:

RUBBER	TIN
COPPER	BRASS
LEAD	ZINC
ALUMINUM	BURLAP
MANILA ROPE	RAGS
SCRAP IRON AND STEEL	
WASTE FATS AND GREASES

Buy 1943 License Tags

NOW

They Must be On Your Car By April 1st . . .

So Buy EARLY and Avoid the Rush

For the convenience of car owners — to remind you of some old regulations and to call attention to some NEW ones, we list the following points to remember in buying your 1943 license.

1. Bring Certificate of Title

The law provides that you MUST have a certificate of title before being issued a license. So if there is any doubt about your car papers come in early; we will be glad to check them for you.

2. Be Ready to Pay Cash

This is not a matter of our choice; state laws strictly prohibit our accepting checks for license payment — We don't want to embarrass you, but we must comply with the law.

3. Sorry, we can't issue special numbers

New rules prohibit the issuing of special numbers; again this is no ruling of our particular office, but we just won't be able to issue special numbers this year.

SOUTH AMARILLO OFFICE

Randall county maintains an office in South Amarillo at 3308 Tyler Street, in charge of Capt. R. M. Allred. Residents of this section of the county are urged to buy their 1943 Auto License at this office.

Sociologist Is Coming Soon

Hogg Foundation Will Send Specialist on Problems of Youth

Dr. Bernice M. Moore is returning to the campus of W. T. on March 17 and 18.

Having a Master of Arts degree in sociology and Doctor of Philosophy in sociology from the University of Texas, Dr. Moore is well equipped to understand the problems of youth.

She received practical experience in her study when directing a research study in child welfare and when serving as administrator for a community welfare program.

She has been a newspaper reporter, magazine editor, farmer, and adviser for industrial youth groups.

She likes first to work with youth, then parents, and then professional workers.

Besides her lecture in assembly on Thursday, Dr. Moore will conduct several other discussions to which the public will be invited.

FROM THE BLUE

Ground School Students Finding Dreaming Easy

BY EVELYN JEAN McCARTY

Here we go into the wild blue yonder, zooming, swirling, diving, looping, slide-slipping, and turning. We gaze down, remembering the feel of Old Mother Earth and not regretting that we have left her for a bit.

We play peek-a-boo with our companions among the hunks of clouds that "polka-dot" the sky. Then we see forty bombers flying up above us . . . we bag them all. Our rudder slips, the right wing flies off, we're getting dizzy . . . help! And then we wake up!

Oh! it wasn't forty bombers after all. It's just our fellow students in the new pre-flight class taught by Miss Zudie Bible. Miss Bible is teaching us the background and civil aeronautics regulations so we can get prepared for meteorology, navigation, theory of flight, engines, the servicing of airplanes, and other ground school subjects. All of us who pass the tests in this course may teach aeronautics in high schools if Uncle Sam wants us too. Several professors are in our class. We meet on Mondays and Thursdays from 7:30 until 9:30 o'clock in Room 211 of the Administration building. Everyone is invited to attend.

Tommie Godfrey In Song Program at Rotary Luncheon

Tommie Godfrey of Fort Worth put on the program at the Rotary luncheon Tuesday. He was introduced by F. E. Savage, who was in charge of the program.

Mr. Godfrey is conducting the song service at the Baptist Church this week. He is one of the best known evangelistic singers in the state. At the close of his program he sang his own composition, "Bless Our Soldier Boys."

Customer: "Will this suit hold its shape?"

Salesman: "Absolutely, that suit is made of pure virgin wool."

Customer: "I don't care about the morals of the sheep. Will it hold its shape?"

The Navy urges development of new coated fabrics to replace vinyl resins, which are becoming critically scarce.
